Physician Assistant Program

Student Handbook

2013
The contents of this handbook describe the academic policies and procedures of Tufts University School of Medicine’s Physician Assistant Program, which is part of the Public Health Programs and Professional Degree Programs. This handbook is for informational purposes only and does not constitute a contract between the University and any applicant, student or other party. The University reserves the right to make changes, without notice, in any course offering, requirement, policy, regulation, date, and financial or other information contained in this handbook.

It is the policy of the university not to discriminate on the basis of sex, age, religion, disability, race, color, sexual orientation, national or ethnic origin in the administration of its educational policies, employment policies, scholarship and loan programs and athletic or other university-sponsored programs.

NOTICE OF EQUAL OPPORTUNITY

Applicants for admission and employment, students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with Tufts University are hereby notified that this institution does not discriminate on the basis of race, color, national origin, sex, age, or disability in admission or access to, or treatment or employment in its programs and activities. In addition, it is the policy of Tufts University that educational and employment decisions made by it should be based on the principle of equal opportunity. The consideration of factors such as sex, race, color, sexual orientation, national or ethnic origin, age, religion, Veterans status or disability unrelated to a person’s ability, qualifications and performance is inconsistent with this policy. Any person having inquiries or complaints concerning Tufts University compliance with the regulations implementing Title VI, Title IX, Age Discrimination Act of 1975, or section 504 is directed to contact the Director, Office of Equal Opportunity/ Affirmative Action, who is at the Medford Campus, (617) 627-3298. The Director has been designated by Tufts University to coordinate the institution’s efforts to comply with the regulations implementing Title VI, Title IX, Age Discrimination Act of 1975, and Section 504. Any person may also contact the Assistant Secretary for Civil Rights, U.S. Department of Education, Washington, D.C. 20202, or the Director, U.S. Department of Education, Office for Civil Rights, Region One, Boston, Massachusetts 02109, regarding the institution’s compliance with the regulations implementing Title VI, 34 C.F.R. Part 100; Title IX, 34 C.F.R. Part 106; Age Discrimination Act of 1975, 45 C.F.R. 90; or Section 504, 34 C.F.R. Part 104.

Questions regarding the content of this handbook should be referred to the Office of Student Services for the Public Health Programs and Professional Degree Programs at 617-636-0935.

1  Labor Day observed. Administrative offices closed
1-5  Vacation Week

OCTOBER
13  Columbus Day Observed. Administrative offices closed

NOVEMBER
11  Veterans’ Day observed. Administrative offices closed
27 - 28  Thanksgiving recess. Administrative offices closed

DECEMBER
1-5  Capstone Week
8 - 12  Summative Examination Week
15  Winter Vacation Begins
24  Christmas Eve observed. Administrative offices closed
25  Christmas Day observed. Administrative offices closed
31  New Year’s Eve observed. Administrative offices closed

JANUARY 2015
1  New Year’s Day observed. Administrative offices closed
5 – 29  Elective Rotation begins
19  Martin Luther King Day Observed. Administrative offices closed
30  Graduate Certificate Day

HOLIDAYS: The administrative offices of Tufts University School of Medicine observe the holidays listed on this calendar, and classes are not held for first year PA students. Observation of all holidays by second year PA students is determined by the clinical sites and is contingent upon the student’s clinical responsibilities. Holidays observed on the TUSM school calendar do not define holidays for second year students and may be excluded.
POLICY ON RELIGIOUS HOLIDAYS
It is University policy that all classes will be held on religious holidays such as Rosh Hashanah, Yom Kippur, Ash Wednesday, Ramadan and Good Friday. However, every attempt will be made to not schedule examinations or quizzes on such days. Any student who anticipates difficulty meeting requirements due to religious beliefs must inform the course director before such course work is missed. Any student who is unable to participate in an examination or course requirement because of his/her religious beliefs will be given the opportunity to make up the missed examination(s) and/or course requirement(s).

Instructors may reschedule classes due to religious beliefs or unforeseen circumstances. Every effort will be made to reschedule the class on a day that is convenient for both the instructor and the majority of students.

WEATHER EMERGENCY/CANCELLATION OF CLASSES
When weather threatens school or university closings, delayed arrivals and early dismissals, information will be available by calling (617) 627-INFO as early as 6:00 a.m., or by logging onto the University’s home page (http://www.tufts.edu). The Grafton campus also has a special information line for its faculty, students and staff: (508) 839-6124. Email messages may also be distributed by the Office of Student Services.

Tufts also provides information to a number of major media outlets who broadcast weather-related school closings and delayed arrivals, including TV Channels 4, 5 and 7, and AM680 radio and WBZ news radio 1030. However, because these outlets provide limited information, the University strongly encourages faculty, students and staff to refer to Tufts’ own weather and emergency information outlets.

MESSAGE FROM THE PROGRAM DIRECTOR

Welcome to the Physician Assistant Program at Tufts University School of Medicine (TUSM). Although you are a member of its first class of Physician Assistants (PAs) you are joining a university rich in tradition, community service, and dedication to teaching. The medical school dates back to 1893. It has grown to almost 4500 faculty members (including 2 Nobel Laureates), over 1000 residents and interns, graduate programs in public health and clinical research, and now, a Physician Assistant Program.

TUSM enjoys many highly renowned clinical affiliations, including Tufts Medical Center which is adjacent to the medical school. In your second year of training you will receive real-world clinical training in some of the finest hospitals, private practices, and health centers in New England.

This is an exciting time for you, the program faculty, and staff as we embark on a new endeavor for the university and the PA profession. You will have at your fingertips the state-of-the-art resources of TUSM, including its new Clinical Skills and Simulation Center, the Hirsh Health Sciences Library, and Tufts University Scientific Knowledgebase (TUSK) which is a dynamic multimedia knowledge management system supporting Tufts health sciences faculty and students in teaching and learning.

On behalf of my fellow faculty and staff, I wish to welcome you to the Tufts community and look forward to what will be two years of challenging, rewarding hard work and personal fulfillment.

Richard E. Murphy, PA-C, MBA
Program Director
MISSION STATEMENT AND GOALS

Mission Statement
Our mission is to promote human health by providing excellent education to future physician assistants so that they are prepared to become integral members of the health care team. We fulfill this mission in a dynamic learning environment that emphasizes rigorous fundamentals, innovative delivery of the curriculum, and compassionate care to diverse patient populations. Our graduates will be prepared to participate in all aspects of the health care continuum, including disease management, health promotion and maintenance, and palliative care.

Program Goals
With an emphasis on primary care and other fields that address regional and national workforce shortages, we prepare students to be vital members of physician-led teams.

Knowledge
Our students will be life-long learners and teachers. They will be educated in the scientific basis of medicine and learn to apply this knowledge to clinical practice. They will understand the structure and function of the body, its organ systems and the biochemical mechanisms that maintain the body’s homeostasis. They will learn how to incorporate diagnosis of disease and therapeutic modalities into their daily practice.

Skills
We will train our students to obtain a complete and accurate medical history from their patients; to perform a comprehensive physical and mental status examination; to order appropriate, clinically relevant laboratory and imaging studies; and to seek consultation from their supervising physicians and other clinical staff when indicated. Our graduates will be able to communicate effectively with patients and their families, as well as other health care professionals.

Values, Attitudes and Behavior
Our students will be compassionate and empathic in caring for patients. They will be sensitive to all aspects of diversity in their patient populations. They will always act with integrity, honesty, and respect for patients’ privacy and dignity. Their conduct and practices will adhere to the highest standards of professionalism, ethics and behavior.

CLINICAL YEAR INFORMATION
This section provides general information covering the clinical year. Students will not be permitted to enter the clinical phase of the program unless they have successfully completed and passed all didactic phase courses and requirements. In the fall semester proceeding the clinical year, students will receive a publication on Orientation to the Clinical Year, which will include all necessary information, policies and procedures.
Goals & Objectives
Direct patient exposure, participation in diagnostic, therapeutic, and health maintenance interventions provide the necessary connection between didactic education and clinical practice. Students must integrate knowledge accumulated in the didactic year with supervised patient encounters in the clinical year. Specific clinical rotation syllabi, goals, learning objectives, and evaluation methodologies are included in the appendix of this handbook.

The Tufts program will follow national competency guidelines that outline specific knowledge, skills, and attitudes required and educational experiences as needed in order for physician assistants to acquire and demonstrate these competencies.

The specific goals are to:
- Apply didactic knowledge to supervised clinical practice;
- Understand the anatomic and pathophysiologic basis of health and disease;
- Gain familiarity with mechanisms of actions, adverse effects and alternatives in treatment modalities;
- Develop and hone clinical problem solving skills;
- Add to their medical fund of knowledge;
- Perfect the art of history taking and physical examination skills;
- Sharpen and refine oral presentation skills;
- Gain an understanding of the PA role in health care delivery;
- Prepare for the Physician Assistant National Certifying Examination;
- Begin developing an area of interest for employment after graduation;
- Gain self confidence in the professional role; and
- Develop interpersonal skills necessary to function as part of a medical team.

Students will be taught by observing as well as participating in patient care, conducting procedures under direct supervision of clinicians, and attending lectures for medical students and other trainees. Educational objectives for each clinical rotation will be posted on TUSK and distributed to all clinical preceptors. Students are expected to have hands-on experience such as examining patients, obtaining medical histories, performing simple procedures under direct supervision, and assisting in or observing more complex procedures.

Clinical Rotations
Clinical rotations span 48 weeks and include eight 4 week disciplines, one 8 week rotation in ambulatory medicine, and 2 four week electives. One elective is integrated into the first 44 weeks of rotations while the other is a culminating 4 week experience in a student-chosen area that is intended to provide the student a transition into their chosen field of practice. The rotations are designed to provide the student with the opportunity to observe and participate in the delivery of health care services. The emphasis is on clinical skills development and application of the didactic material presented during the first year of the program to real-life clinical situations.
You will need to begin to think about how to prepare yourself and any significant others who will be affected by your long hours and time away from home either because of driving to or living in the area of your rotation. This is a process you should begin talking about now. While we will do our best to meet your individual circumstances, there is no guarantee of placement in any particular location for any period of time.

Role of the Site Director
Each major clinical affiliate has a designated site director who oversees the educational activities at the site. The site director is responsible for ensuring the quality of the clinical experience, that the student receives appropriate orientation and support, that students complete requisite patient logs that describe their clinical activities, and that each student is evaluated for his or her performance during the rotation at the site. The site director oversees and coordinates the clinical preceptors, who provide direct supervision of students during their rotations. In private practice sites or small facilities, the site director may also be the clinical preceptor.

Role of the Clinical Preceptor
A licensed physician, PA or nurse practitioner is designated by the clinical site to precept students for each rotation at the site. Prior teaching and inter-professional clinical experience are major considerations in choosing site directors and preceptors. The preceptor ensures that the student receives the appropriate instruction as described in the PA program rotation academic objectives. The preceptor supervises the student throughout the rotation and provides direct physical supervision for all invasive procedures. Instruction includes assessments of the student’s progress, communication with the student about progress and/or deficiencies, and providing a comprehensive evaluation and grade at the conclusion of the rotation. Certain program policies may be superseded by those at the clinical site. Your preceptor will guide you.

Clinical Rotation Placement
Assignment of student rotations is the responsibility of the Director of Clinical Education and the Program. Students will have the opportunity to request rotation assignments and sites, although this does not guarantee student placement in the requested site.

Students may not switch site assignments with other students. Once the rotation schedule has been set, requests for changes by the student will be limited to emergency situations only. All sites are in Massachusetts and most are within an hour’s drive of the Boston campus. Unforeseeable events can occur which may require a student to be moved to a different site with short notice just prior to starting and/or during a rotation. Students are responsible for all financial costs associated with travel and/or relocation regardless of the cause.

Student Role in Clinical Rotations
A student of the Tufts University School of Medicine Physician Assistant Program is not a licensed medical provider and, therefore, is legally and ethically not permitted to perform medical acts unless under the direct supervision of a licensed professional. All patients must be presented to the preceptor prior to the implementation of any diagnostic/therapeutic plans or discharge of the patient. The student will not write a prescription for any medication at any time without the direct supervision and the signature of the preceptor. The preceptor is responsible for medical care of the patient and for countersigning all orders, chart documentation, etc., written by the student.
Housing Policy
Students are responsible for their own housing during the clinical year. While most sites are within commuting distance, some sites may offer housing. You should be prepared for travel expenses when calculating a budget for the clinical year.

Transportation Policy and Zipcars
Students must have a reliable car in order to complete rotation assignments during the clinical year. The Medical School has a business account with Zipcar, the local car sharing company that is available to PA students. The business account waives the application fee and offers discounted hourly, 12-hour and 24-hour rates. Details and joining information is available at their website: Zipcar.com.

Rotation Seminars
Students are required to return to campus monthly during clinical year for Preparation for Clinical Practice which includes EBM case presentations, summative evaluation, simulation and other professional preparation events. All travel and housing expenses to and from campus for these seminars is the responsibility of the student.

TEXTBOOKS
A list of required and/or recommended textbooks and options for purchasing will be provided to enrolled students before each semester. Each course will list required and/or recommended textbooks in the course syllabus.

REQUIRED MEDICAL EQUIPMENT
All students will receive an updated medical equipment list with purchasing options once they are enrolled into the PA Program.

Examples of equipment include:
- Otoscope with pneumatic insufflator
- Ophthalmoscope
- Rosenbaum pocket eye chart
- Penlight
- Cardiology grade stethoscope
- Reflex hammer
- Adult blood pressure cuff
- Tuning forks 256 (vibratory sensation), 512 (auditory testing)
- Flexible, cloth tape measure (metric)
REQUIRED SUPPLIES
Two pairs of scrubs are required attire for procedural workshops, group practice physical diagnosis sessions, and gross anatomy laboratories. Instructions on how to purchase scrubs will be provided once enrolled in the PA Program. Scrubs are NOT intended to be worn at clinical rotation sites, classrooms, or as substitutes for scrubs provided at clinical affiliations.

A wrist watch with a second hand (waterproof recommended).

A personal computer. The University supports both PCs and Apple platforms. The TUSM campus is 100% WiFi enabled. Your laptop should have WiFi capacity if you wish to utilize the resources of the University Medical Library and TUSK while on campus. Internet access at home is also recommended.

FACILITIES

The Hirsh Health Sciences Library (HHSL) spans the fourth through the seventh floor of the Sackler Center. The library may be entered via any of these floors from the elevators or stairs. A bridge connects the fourth floor of Sackler to the third floor of the Dental Building. The fourth floor houses the Library Service Desk, Reference and Reserve collections, current journals, leisure reading collection, public computers with Internet access, study areas and the Food 4 Thought café. A house phone is located on the east end of the building, near the main elevators, and a bulletin board is located across from Security at the bridge to the Dental Building.

The fifth floor houses the Learning Resource Center (LRC), circulating book collection, study carrels and the LRC IT Service Desk. The LRC’s two microcomputer labs and multimedia classrooms are available for teaching and individual or group study. The lab facilities provide access to Internet applications, a variety of standard word-processing, spreadsheet, database and presentation-graphics programs and other software that support the curricula of the health sciences schools. The LRC IT Service Desk, staffed by Library Systems Office employees and student workers, provides support for students’ personal computers. To reserve a room, please contact the LRC IT Service Desk at lrc@tufts.edu or call 617-636-2947. For more information, see http://www.library.tufts.edu/hhsl/computing/computing.html.
The sixth floor houses the library’s staff offices, a portion of its journal collection (A-B titles of print-only subscriptions, print copies of some journals also received electronically, and older volumes) and a photocopy room. The Allan D. Callow Room (also known as the Special Collections Room) contains a collection of works on the history of science and medicine, imprints prior to 1914 and historical artifacts that may be viewed by contacting the Library Administration Office (617-636-2481). A house phone is located on this floor in the central library staircase.

The seventh floor houses the remainder of the journal collection (C-Z titles of print-only subscriptions, print copies of some journals also received electronically and older volumes), study rooms, classrooms, study carrels and a photocopy room.

POLICIES
Some library services are provided on a cost-recovery basis. Payment for fees and copy cards can be made by check accompanied by a Tufts ID card, by Tufts Interdepartmental Requisition, or by Tufts Medical Center Requisition. Library employees may neither accept cash for payment nor make change.

The library operates within the constraints of the U.S. Copyright Law in regard to the photocopying of printed materials and interlibrary loans and within license restrictions for electronic materials.

Please turn off the ringer on cellular telephones and pagers before entering the library. Urgent calls can be made or received in the library’s stairwell.

Protective gowns, lab coats, masks, gloves, caps and shoe covers are not permitted in the library. Please dispose of such items properly before entering.

Suggestions or comments regarding the library’s policies, services and collections are welcome. Send them by email to hhsl@tufts.edu from a Tufts email account, and the library will respond promptly.

PRIVILEGES
If not pre-registered at orientation, students should register in the library’s system without delay at the Library Service Desk by presenting a Tufts ID, which may be obtained from the Tufts Police Department at 136 Harrison Avenue. Upon registration, the Tufts ID card is activated as a library card, which is required for borrowing items and certain library services. The activated ID card is valid for access and borrowing at all Tufts University libraries. For further information on other Tufts libraries, please visit http://www.library.tufts.edu or inquire at the Library Service Desk (617-636-6705).

Students are eligible to receive support for their personal computers and mobile devices at the IT Service Desk in the Learning Resource Center (LRC) on the fifth floor. Some of the services provided are software installation, virus removal and registration to use the Tufts network. Please visit http://support.hhsl.tufts.edu/ for more information or inquire at the LRC IT Service Desk (617-636-2947).
Thirty IBM laptops are available for students to borrow for use within the library. On weekdays, laptops may be checked out from the LRC IT Service Desk on the fifth floor before 6pm and from the Library Service Desk on the fourth floor after 6pm, except on Fridays. On weekends the laptops are checked out from the Library Service Desk on the fourth floor. Ten iPads are also available for borrowing for 4 hour use.

As a user of the Tufts University Hirsh Health Sciences Library, you accept responsibility for the return of all materials borrowed from any of the Tufts University Libraries or from other libraries through document delivery. All fees incurred for lost, damaged or late items must be paid, and failure to pay such fees may result in a loss of library privileges, an attachment of wages, or additional charges on term bills. You agree to abide by all HHSL policies and you are responsible for copyright compliance as well as Tufts University policies concerning the responsible use of resources.

Other Tufts Libraries
Tisch Library (Medford Campus)       617-627-3460 (or 73460 internally)
Ginn Library (Medford Campus)       617-627-5021 (or 75021)
Webster Family Veterinary Library (Grafton Campus) 508-839-7958 (or 87958)

Boston Library Consortium
Tufts University is a member of the Boston Library Consortium (BLC), an association of research and academic libraries in New England. While only a Tufts ID is required for admittance to most Consortium libraries, Consortium cards are necessary for access to certain restricted libraries and for borrowing at most institutions. Tufts faculty, staff and students may apply at the Library Services desk for these cards at no cost. Member institutions include:

- Boston College
- Boston University
- Brandeis University
- Marine Biological Laboratory
- Massachusetts Institute of Technology
- Northeastern University
- State Library of Massachusetts
- Tufts University
- University of Connecticut
- University of Massachusetts - Amherst, Boston, Dartmouth, Lowell, Worcester (Medical)
- University of New Hampshire
- Wellesley College
- Williams College

For more information on the BLC, please consult: http://www.library.tufts.edu/hhsl/services/BLC.html or contact the Library Service Desk (617-636-6705).
Other Libraries
Francis A. Countway Library of Medicine
Harvard Medical School
10 Shattuck Street
Boston, MA 02115
Reference: 617-432-2134

Upon presentation of a valid Tufts ID, faculty and students of the medical, dental and veterinary schools may have access but not borrowing privileges from the Countway Library.

Law Library
New England School of Law
145 Stuart Street
Boston, MA 02116
Reference: 617-422-7299

Upon presentation of a valid Tufts ID, faculty, staff and students of the Tufts health sciences schools may have access but not borrowing privileges from the Law Library.

LIBRARY SERVICES

Circulation & Reserve
Registered faculty, staff and students may borrow circulating books for four weeks with two renewals and are responsible for returning them on time. For each lost or damaged item, the charge levied amounts to the replacement cost plus a $15 processing fee. Borrowing privileges may be suspended for borrowers with overdue books or unpaid bills. Outstanding library bills are sent directly to the Bursar’s Office for collection.

Duplicate copies of some reserve books may be borrowed after 4:00 p.m. on weekdays for overnight use and on Fridays for weekend use. Reserve books are due by 9:00 a.m. the following school day. Only one reserve book may be borrowed at a time for overnight/weekend use. Certain texts in high demand are kept behind the Library Service Desk.

Document Delivery & Interlibrary Loan
Members of the Tufts community can obtain books, audiovisual materials and journal articles from other libraries through interlibrary loan by registering for ILLiad, Tufts’ web-based document delivery system, at [http://www.library.tufts.edu/hhs1/services/docdel_illiad.html](http://www.library.tufts.edu/hhs1/services/docdel_illiad.html). ILLiad allows users to order and track requests and view/print articles. Students may request up to twenty articles or books per academic year at no charge. Use the FindIt@Tufts links from the licensed resources to request articles via ILLiad.

For further information, please contact Document Delivery at 617-636-3787 or email hhsl-docdel@tufts.edu.
Learning Resource Center (LRC)
The Library Systems Office and LRC IT Service Desk maintain all the public computers in the library and serves as first-tier support for computer questions. The library’s public computers are able to perform a variety of functions, including workstations variously equipped with scanners, CD/DVD burners and USB ports. The labs within the LRC are open for computer-assisted instruction, personal computing, Internet access and web-based email. The IT Service Desk, which is also located in the LRC, provides services such as software installation, virus removal and registration to use the Tufts network. Please visit http://support.hhsl.tufts.edu for more information or inquire at the fifth-floor LRC IT Service Desk (617-636-2947).

Printing, Copying & Scanning
Black-and-white photocopiers operated by JumboCash debit from the student ID or a guest card are located on all floors of the library. The basic charge for a B&W copy is 10 cents per page. Guest cards may be purchased at anytime from a card dispenser (PHIL Station) with cash, by Tufts or Tufts Medical Center requisition, weekdays from 9:00 a.m. to 4:45 p.m, or by check through Dining Services. For further information, please consult: http://www.library.tufts.edu/hhsl/services/photoServices.html

Color laser print stations are located on the 4th and 5th Floors. Black-and-white printers are located on the 4th and 5th Floors. Patrons can send print request(s) from all public computers in the library. Charges for printing, which must be paid by JumboCash debit from the student ID or a guest card, are 10 cents for each B&W page (15 cents duplex) and 30 cents for color (45 cents for duplex). A self-service scanner is available in Room 524. For further information about printing, copying and scanning, please consult: http://www.library.tufts.edu/hhsl/services/photoServices.html

Reference and Educational Services
Librarians are available at the Library Service Desk and via Internet Chat Monday through Friday from 7:45 a.m. to 5:00 p.m. to answer questions regarding the collections, facilities and information resources of the HHSL, other Tufts libraries and regional libraries. Services include customized searches and instruction of biomedical databases such as MEDLINE, research support for Faculty, information and reference support for course projects, support and instruction for bibliographic management software like RefWorks and EndNote and help obtaining full-text articles via the library’s website. Ovid users may also request professional consultations with HHSL Information Services staff to facilitate search strategies by clicking the Ask-a-Librarian link at the top of an Ovid main search page or by calling 617-636-6705.

The Tufts Catalog (http://library.tufts.edu/) lists books, journals, databases, audiovisual materials and other works held by its libraries in Boston, Grafton and Medford. The catalog links directly to a large collection of electronic books and full-text journals, most of which require a Tufts email account for access. Clicking on a journal title allows access to a list of the available volumes or its vendor’s search engine. Ovid databases and PubMed should be accessed from the HHSL homepage, as this will link users to all Tufts’ licensed journals at the article level. Full text can also be accessed through the FindIt@Tufts link located on the results screens of our licensed resources.
For more information about electronic journals, please consult http://www.library.tufts.edu/hhsl/resources/ejalpha.html To arrange for consultations regarding your research needs, please contact Information Services by phone at 617-636-6705 or by email at hhsl@tufts.edu.

**TUSK (Tufts University Sciences Knowledgebase)**
The Tufts University Sciences Knowledgebase (TUSK) is a curriculum database/knowledge management system which provides access to a full complement of curricular material. Available to Tufts students and staff at http://tusk.tufts.edu, it includes text, slide collections, images, digital video, shockwave files, synchronized multimedia, recorded lectures, quizzes, cases, weekly course schedules and online course evaluations. TUSK users may create personal collections of TUSK material and annotate any document or image. When users logon with their Universal Tufts Login Name (UTLN) and email password (except clinical faculty who use a stand-alone password), TUSK displays pertinent announcements, current courses, posted evaluations and discussion boards. Electronic discussions between students and course directors facilitate communication about class material. Students may request discussions for their class. In addition, student authors/editors sometimes assist faculty with uploading material to TUSK. To request the creation of a discussion group for a course or user group, or to request authoring privileges, please send an email to TUSK User Support at tusk@tufts.edu.

**Wireless Computing**
Tufts faculty, staff and students who register their laptop computers may then use them to connect to the campus network and the Internet on all Tufts campuses. Laptops may be registered at the LRC IT Service Desk, Sackler 5: Monday – Friday, 9am – 6pm. For further information, please consult http://www.library.tufts.edu/hsl/computing/laptops.html.
ACADEMIC POLICIES AND PROCEDURES

STANDARDS OF ACADEMIC AND PROFESSIONAL CONDUCT

Standards of Conduct: All students are required to adhere to the Tufts University School of Medicine Code of Conduct in addition to those defined by the program and which govern the physician assistant profession. Success in the Physician Assistant Profession requires certain behavioral attributes including: empathy, discipline, honesty, integrity, the ability to work effectively with others in a team environment, and the ability to address a crisis or emergency situation in a composed manner.

The subject matter in PA education can be of a very sensitive and sometimes disturbing nature. Students are reminded that the purpose of the educational sessions is to prepare them to provide physician-supervised primary health care to all persons and in all environments without regard to the student's own personal beliefs and biases.

The program will not tolerate incivility by any member of the PA community. Examples of incivility include rude, sarcastic, obscene, disruptive or disrespectful remarks or behavior, verbal or physical threats, or damage to property.

The Accreditation Standards for Physician Assistant Education state: “The role of the Physician Assistant demands intelligence, sound judgment, intellectual honesty, appropriate interpersonal skills, and the capacity to react to emergencies in a calm and reasoned manner. An attitude of respect for self and others, adherence to the concepts of privilege and confidentiality in communicating with patients, and a commitment to the patient’s welfare are essential attributes for the graduate PA.”

Adherence to these attributes requires that Physician Assistants and Physician Assistant students exhibit a high level of maturity and self-control even in highly stressful situations. In keeping with these precepts, Physician Assistant students must conduct themselves in a highly professional manner consistent with the patient care responsibilities with which they will be entrusted during their training in the Program.

Students must adhere to the following standards. Failure to do so will result in referral to the Ethics Committee on Student Conduct and may result in disciplinary sanction or dismissal from the Program.

Behavior: Students are expected to behave in a responsible, reliable and dependable manner. The student must project a professional image in manner, dress, grooming, speech and interpersonal relationships that are consistent with being a medical professional. The student should recognize his/her personal limitations and biases, whether they are intellectual, physical or emotional and strive to correct them. He/she must demonstrate the professional and emotional maturity to manage tensions and conflicts and should seek professional help when necessary.

Respect: Students are expected to treat all patients, faculty, program staff, clinical preceptors, and fellow students with dignity and respect. Conflicts should be resolved in a diplomatic and reasoned manner. Students should be sensitive and tolerant with regard to diversity in the student and patient
population. Physician Assistant training involves a close working environment with other students and includes physical examination of fellow students and discussion groups that may reveal information of a personal nature. These situations must be approached with respect for the privacy, confidentiality, and the feelings of fellow students.

Flexibility: Physician Assistant training involves instruction from practicing clinicians with unpredictable schedules. At times lectures or clinical sessions may need to be adjusted with short notice.

Integrity: Integrity is the quality of consistency and steadfast adherence to a defined code of ethics. It includes honesty, soundness of mind and body. Students are expected to demonstrate integrity by following all policies described below pertaining to academic dishonesty and unethical behavior. Physician Assistant students are also expected to display the highest ethical standards commensurate with work as a health care professional. These are outlined in the Guidelines for Ethical Conduct for the Physician Assistant Profession published by the American Academy of Physician Assistants and can be found at the following URL: http://www.aapa.org/your_pa_career/becoming_a_pa/resources/item.aspx?id=1518&terms=ethical%20conduct. Violations will be referred to the Ethics Committee on Student Conduct for investigation and may result in dismissal from the PA Program.

Identification: Physician Assistant students must always identify themselves as such to patients and site staff, and never present themselves as physicians, residents, medical students, or graduate Physician Assistants. Students must wear a short, white, clinical jacket while at all clinical sites unless instructed not to do so by the clinical site or the Program. Students must always wear their official nametag while at clinical sites despite input from a preceptor. While in the Program, students may not use previously earned titles (i.e. RN, DC, Ph.D., etc.) for identification purposes.

Confidentiality: Students must respect the confidentiality of patients and fellow students and are not permitted to discuss any patients by name outside the clinical encounter situation. Adherence to regulations is mandatory. Students should not discuss other students with preceptors. For academic presentations and history and physical assignments, all patient identifying data including name, initials, date of birth, and facility where seen will not be included.

Students are to make a personal commitment to abide by Tufts University School of Medicine’s Standards of Academic and Professional Conduct, which exemplify a standard of behavior that establishes a firm foundation for future professional conduct and respect for the academic environment of Tufts University School of Medicine. This requires avoidance of any form of intellectual dishonesty as well as the demonstration of respect for the rights and well-being of others, including all students, faculty, staff, and other members of the Tufts University School of Medicine community. Tufts students are expected to be responsible citizens not only of the Tufts community but also the greater community. Students are expected to comply with all university policies, local ordinances, and state and federal laws. Students are expected to avoid activities that harm the reputation of the University or its members. Students also may not engage in conduct that poses a danger or threat to others.
Notwithstanding the above, legitimate and peaceful activities, including but not limited to protests of certain University policies, whether expressed on or off campus, and provided that such activities are lawful and do not interfere with normal University functions, shall not be deemed to be a breach of this code of conduct.

**STUDENT HONOR CODE**

During the first week of class, all PA students will be asked to sign a statement that they will adhere to the following policy:

_I agree to uphold the TUSM Standards of Academic and Professional Conduct. If I observe ethical (i.e., academic or professional) misconduct, in the interest of supporting these standards, I will take one or more of the following actions:

- Confront the individual(s) to receive an explanation and to gain satisfaction that there was no intention of breaching the TUSM Standards of Academic and Professional Conduct. (It is expected that most incidents will be dealt with in this manner.) If satisfaction is not gained, I will take further action (see below);
- Consult with a student member of the TUSM Ethics Committee on Student Conduct regarding my observations in order to determine whether a written report should be made to the Dean for Students or his/her designee; and/or
- Submit a signed written report of the alleged infraction to the Dean for Students or his/her designee. If I am unsure as to whether a course of conduct will violate the TUSM Standards of Academic and Professional Conduct, I will discuss these actions with a member of the Ethics Committee on Student Conduct, the PA Program Director, or the Dean for Students or his/her designee._

**PATIENT CONFIDENTIALITY**

During the course of your studies in the PA Program you will have access to medical records of patients. This is an enormous responsibility for students and practicing PAs alike. Violation of patient confidentiality would be a violation of the code of conduct, will result in disciplinary action and even possible dismissal from the program.

**PROFESSIONALISM**

PA students are expected to exhibit professional behavior and attitudes regardless of their location. Classroom behavior should be professional, courteous, tolerant, and respectful of other’s points of view, beliefs, cultures, and religion. Attire and appearance in the classroom reflects not only on the student but also the Program and Tufts University as faculty, visitors, and other students share the resources of the TUSM campus. Didactic faculty have the option of subtracting up to 10% from a student’s final grade for unprofessional behavior (see course syllabus).

Hats, hoods, sunglasses, head coverings (other than in religious observance), torn clothing, shirts with potentially offensive slogans, beach or gym attire, etc. are considered unacceptable for the classroom. TUSM IDs are required for any student to enter a University facility. In any clinical setting student attire will conform to the local standard. Dress must conform to accepted health and safety regulations of the office practice, clinic, or hospital setting. Short white laboratory coats that are clean and in good repair, TUSM IDs, and conservative attire, including clean shirts with collars and clean and pressed trousers or skirt, and shoes with closed-toes are required.
Inappropriate attire, as deemed by the clinical preceptor, may result in the student being barred from access to patients and the facility. Jewelry should be limited to wedding or engagement rings, and small earrings. Facial piercings should be removed for any clinical setting. Scrubs may not be worn outside of any clinical facility or in any classroom on campus (except when involved in procedural workshops).

Perfumes, colognes, or other fragrances and heavy use of cosmetics should be avoided as these may serve as allergens for some patients in the clinical setting. Acrylic nails are prohibited in any clinical setting.

Although cell phones are common tools in clinical practice, making or taking personal calls while actively engaged in clinical activities is unacceptable behavior. Use of smart phones and PDAs are useful adjuncts with regards to medical and drug information. However, cell phones must be turned off completely while in class. They are not to be used in class without the instructor’s permission.

Professionalism is a required competency for the PA profession and students will be assessed regularly as to their adherence to these standards.

**DEFINITIONS OF ETHICAL MISCONDUCT**

Misconduct in scholarship, research or professional practice serves to undermine the intellectual integrity of the University and will not be tolerated. The policy that follows is intended to identify what constitutes misconduct, to explain the procedures that will be followed should there be an allegation of misconduct, and to describe the potential actions that may result from misconduct.

**Academic Misconduct** is defined as conduct which intentionally misrepresents the academic accomplishments of the student, or which jeopardizes the fair evaluation of another student’s academic work. This includes, but is not limited to, the use of inappropriate materials brought into an examination room; copying the work of others during or outside of an exam (e.g. plagiarism); and any other acts or lack of acts which constitute a submission of someone else’s work as your own without proper credit or reference.

**Professional Misconduct** encompasses violations of the ethical standards of the medical, public health and/or other health professions, or infractions of the rules of Tufts University School of Medicine.

Examples of academic or professional misconduct include, but are not limited to the following acts:

- Cheating on examinations.
- Plagiarism.
- Misrepresentation or falsification of data.
- Theft of an examination or of examination answers.
- Forgery, alteration or knowing misuse of documents including but not limited to data sources and databases, grades, transcripts, recommendations, and financial aid documents.
- Theft or destruction of property belonging to Tufts University, its members, or affiliated organizations.
- Failure to follow customary professional procedures or the policies of professional practice sites where students are placed.
• Behavior that is detrimental to the University or endangers members of the Tufts community or greater community (e.g. criminal conduct, etc.).

Further information on what constitutes ethical (i.e., academic or professional) misconduct will be presented at all program orientations and is available in written form from the Office of Student Services (OSS) for Public Health and Professional Degree Programs.

**DISCIPLINARY REVIEW PROCEDURES FOR ETHICAL MISCONDUCT**

**Initial Review**

If a student in the Public Health and Professional Degree Programs is charged with ethical (i.e., academic or professional) misconduct, it shall be reviewed by the Program Director of the program the student is enrolled in. The review by the Program Director may consist of a meeting with the source of the allegations and with the student. Except in the case of determining that a charge has no reasonable basis to proceed, the Program Director shall make no final decision in the case. If upon review the Program Director ascertains that there is any reasonable basis for the charge, he/she shall immediately refer the charge to the Dean for Public Health and Professional Degree Programs.

**Notice of Charges**

A student who is charged with ethical (i.e., academic or professional) misconduct will be so notified by the Dean for Public Health and Professional Degree Programs, and the student will also be notified at that time of his/her right to have the charges considered by the TUSM Ethics Committee on Student Conduct. The student may waive this right by notifying the Dean for Public Health and Professional Degree Programs in writing within five days after he/she is informed of the charges, in which case the charges will be directly reviewed by the Dean for Public Health and Professional Degree Programs.

**Review by TUSM Ethics Committee on Student Conduct**

The Ethics Committee on Student Conduct is composed of eleven members who are elected or appointed in the following manner:

A. **Faculty Members:** Six members of the Committee shall be members of the faculty of the School of Medicine who shall be appointed by the Dean of the School of Medicine. Three of the six shall be members of the basic science faculty and three shall be members of the clinical science faculty. Appointments shall be for three year terms, except that two members shall be initially appointed for one year and two for two year terms. The Dean shall appoint the chair of the Ethics Committee from among these six faculty members. The Chair of the Ethics Committee shall appoint one faculty member of the Committee to act as Secretary and he/she will prepare the minutes of Committee meetings and forward them to the Dean for Public Health and Professional Degree Programs. In the absence of the secretary, the Chair may appoint an acting secretary.

B. **Student Members:** Five members of the Committee shall be students enrolled in the School of Medicine. One member from each of the four classes shall be elected annually. The fifth member, an elected class officer, shall be appointed by the Dean. A student may not be on both the Ethics Committee on Student Conduct and the Student Evaluation and Promotions Committee.
After a case is referred to the Ethics Committee on Student Conduct by the Dean for Public Health and Professional Degree Programs, the Committee shall convene to review the charges, and if it deems it appropriate, have one or more of its members conduct a preliminary investigation. In all cases, the Committee shall hold an informal hearing. This hearing shall be private and only the following persons may be in attendance:

- Members of the Ethics Committee
- The student(s) charged
- The person(s) filing the charge
- The Dean for Public Health and Professional Degree Programs or designee
- Witnesses or other persons deemed by the Committee to be necessary

There shall be no formal transcript or taped recording of the hearing. However, parties shall be free to take notes and the Secretary of the Committee will be responsible for taking the minutes of the hearing.

The Ethics Committee on Student Conduct shall report its findings and conclusions to the student. A copy shall be issued to the Dean for Public Health and Professional Degree Programs. Actions that the Committee may take include, but are not to be limited to, the following:

- No action
- Repeat of an examination
- Repeat of a course or courses
- Repeat of a semester or year
- Written reprimand
- Probation or suspension
- Expulsion from the Medical School

**Review by Dean for Public Health Programs and Professional Degree Programs**

In the event the student has elected to waive his/her right to a hearing before the Ethics Committee on Student Conduct, the Dean for Public Health and Professional Degree Programs shall conduct the initial investigation of the charges, and shall give the student an opportunity to appear before him/her to be heard. In addition, the Dean for Public Health and Professional Degree Programs may seek information from other parties and witnesses as he/she deems necessary to his/her investigation and may refer the case to the Ethics Committee on Student Conduct for its advice. The rules governing informal hearings of the Ethics Committee on Student Conduct do not apply in such instances.

Upon completion of his/her investigation and/or review, the Dean for Public Health and Professional Degree Programs shall report his/her decision (which will include the disciplinary action, if any, that he/she has decided is appropriate) to the student.

**Appeal to Dean of the School of Medicine**

If the student disagrees with the decision of the Ethics Committee on Student Conduct or the Dean for Public Health and Professional Degree Programs, he/she may appeal it to the Dean of the School
of Medicine. This appeal must be in writing and filed in the office of the Dean of the School of Medicine within ten (10) calendar days of receipt of the decision. The notice of appeal should contain a brief summary of the basis for the appeal. If no appeal is filed within the ten (10) day period, the decision (including any disciplinary action that was decided appropriate) will become final and binding on all parties.

The Dean of the School of Medicine, or his/her designee, may, if he/she deems appropriate, further investigate the matter. Thereafter, he/she shall issue a written decision in the case to the student which will be final and binding. A copy of his/her decision shall be issued to the Dean for Public Health and Professional Degree Programs.

**ATTENDANCE**

Due to the intense nature of the curriculum, even short absences from class can be detrimental to a student’s advancement within the program. It is the student’s responsibility to notify the Program Office prior to the expected absence so that the Program Manager may notify the instructor and/or Assistant Program Director. Any anticipated absence longer than three days should be discussed with the Program Director in advance. Approval of each request is made on a case-by-case basis and there is no guarantee that the approval will be granted.

Failure to provide proper notification and receive an approved absence from the Program Director or his designee will result in a grade of zero for the examination. Make-up examinations for approved absences will be at the discretion of the respective course directors.

The student must notify the site director or clinical preceptor and the Program office if an absence is necessary.

Repeated tardiness to class is considered unprofessional conduct and, at the discretion of the instructor, may result in reporting the incident(s) to the Promotions Committee. Absences and/or tardiness can result in course failure, the delay of completion of the program or other disciplinary action.
COURSE GRADES
Graduate students’ work is graded at the end of each semester using a system of letter grades and quality points to evaluate student performance.

Letter Grades
The TUSM Physician Assistant Program uses the following grading system:

<table>
<thead>
<tr>
<th>NUMERIC SCORE</th>
<th>LETTER GRADE</th>
<th>QUALITY POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>95-100</td>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>90-94</td>
<td>A-</td>
<td>3.67</td>
</tr>
<tr>
<td>87-89</td>
<td>B+</td>
<td>3.33</td>
</tr>
<tr>
<td>83-86</td>
<td>B</td>
<td>3.00</td>
</tr>
<tr>
<td>80-82</td>
<td>B-</td>
<td>2.67</td>
</tr>
<tr>
<td>77-79</td>
<td>C+</td>
<td>2.33</td>
</tr>
<tr>
<td>73-76</td>
<td>C</td>
<td>2.00</td>
</tr>
<tr>
<td>70-72</td>
<td>C-</td>
<td>1.67</td>
</tr>
<tr>
<td>67-69</td>
<td>D</td>
<td>1.00</td>
</tr>
<tr>
<td>&lt; 59</td>
<td>F</td>
<td>0</td>
</tr>
</tbody>
</table>

At the graduate level, the grade A signifies work of distinction, and the letter B represents work of good quality. Any grade below a B- is considered a failing grade and the course will not count toward the degree requirement. The letter grades C+, C, C-, D or F represent work below the standard expected for a graduate student and will not be counted toward the degree requirements.

STANDARDS OF WORK
Student grades are reviewed monthly by the program director and PA Promotions Committee. A grade of B- or better is considered a passing grade for a course. When a student receives a course grade below B for either a didactic course or a clinical rotation, s/he will receive a warning letter from the program director. If the student receives a second grade below a B it may result in academic probation and may result in dismissal from the program, depending on their academic standing.

Although a grade of B- is considered a passing grade for an individual course and will be counted toward degree credit, a cumulative GPA of 3.00 is required in order to be granted a degree.

REMEDIATION
Remediation will be offered at the discretion of the PA Promotions Committee to any student who is failing to meet standards of work as prescribed by the program. Remediation will be offered to a student for a maximum of one course per semester. The PA Promotions will oversee the development of a remediation plan/contract. Retaking any course from the first year curriculum will require deceleration due to the nature of course scheduling in this program. Failure to achieve a B- or better in a course taken on a second attempt may result in dismissal from the program.
DECELERATION
Deceleration is defined as delaying graduation by up to one year to retake a course or clinical rotation to achieve a passing grade and cumulative GPA of 3.0 or better in order to meet the necessary requirements for graduation. This may require the student to re-enter the program in the following class. Any student request for deceleration (for personal or academic reasons) must be made in writing to the Promotions Committee which has sole discretion to grant or deny the request.

ACADEMIC PROBATION AND DISMISSAL
Students placed on academic probation will first be reviewed by the PA Program’s Promotions Committee for consideration of denial of advancement or dismissal from the program. Failure of more than one course is grounds for dismissal from the program, regardless of the student’s GPA or grades in other courses. Students on academic probation (failure to achieve an overall GPA of 3.0 or better) will not be permitted to enter their clinical year. Failure to achieve a grade of B or better in any clinical rotation will result in the student being placed on academic probation. Students who receive less than a B- in more than one clinical rotation are subject to dismissal from the program. The Promotions Committee meets monthly to review students with academic deficiencies.

The PA Promotions Committee forwards all recommendations for dismissal to the Tufts University School of Medicine’s (TUSM) Student Evaluation and Promotion Committee. Final decisions on dismissals are made by the TUSM Committee which has jurisdiction for students in all programs. In cases where dismissal of a student is being discussed by either the PA or TUSM committee, the student will be notified ahead of time and invited to address the Committee. Any student who is denied advancement or dismissed has the right to appeal the decision to the TUSM Student Appeals Committee.

If a student on academic probation receives no grades below a B in the semester subsequent to being placed on academic probation, that student will be removed from probation.

SATISFACTORY ACADEMIC PROGRESS
Federal regulations require the Tufts School of Medicine Public Health and Professional Degree programs to establish Satisfactory Academic Progress standards for students who are awarded federal financial aid funds. The following standards apply to all matriculated students, whether they are financial aid recipients or not. Students who fail to maintain Satisfactory Academic Progress during any semester may be placed on Financial Aid warning, Financial Aid probation and/or academic plan, suspension or may be dismissed, in accordance with the policies of the PHPD program. Students who are terminated from financial aid eligibility may continue their studies but are required to self-pay and make payment arrangements through the Bursar’s office.

The standards of Satisfactory Academic progress for eligibility for Financial Aid measure a student’s performance in three areas: maximum timeframe, cumulative grade point average (GPA) and cumulative completion rate. The student’s academic progress shall be evaluated at the end of each semester. Also, please note that if a student fails a course and is given the option of decelerating and repeating that course the following year, that student will not be eligible for Financial Aid for that one course. Academic Progress for both part-time and full-time students will be evaluated under the criteria given below.
**Maximum Timeframe Allowance**

PHPD students will be evaluated to determine if they have achieved satisfactory levels of academic progress. In order to achieve satisfactory academic progress, a student must complete their degree requirements within 150% of the program’s published length in accordance with the standards established by their program as noted below:

*Credit Amounts listed below are for students beginning the program in the Spring 2013 or later.*

<table>
<thead>
<tr>
<th>PROGRAM/DEGREE</th>
<th>Minimum Credit for Degree</th>
<th>Maximum Credit for Degree</th>
</tr>
</thead>
<tbody>
<tr>
<td>Physician Assistant Program (MMS)</td>
<td>77</td>
<td>114</td>
</tr>
</tbody>
</table>

**Grade point average (“GPA”):**

As part of the Satisfactory Academic Progress assessment, students will be evaluated to determine if they have achieved satisfactory levels of academic progress. In order to achieve satisfactory academic progress and receive Financial Aid, a student must earn a minimum GPA in accordance with the chart below:

<table>
<thead>
<tr>
<th>Physician Assistant Program (MMS)</th>
<th>Cumulative credits attempted</th>
<th>Minimum GPA required</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year One</td>
<td>8.5 – 25.5</td>
<td>2.7</td>
</tr>
<tr>
<td>Year Two</td>
<td>26 - 76</td>
<td>3.0</td>
</tr>
</tbody>
</table>

Although a grade of B- is considered a passing grade for an individual course and will be counted toward degree credit, a cumulative GPA of 3.00 is required in order to be granted a degree from a Tufts University PHPD Program.

Transfer credits (not applicable to PA students) are not included in calculation of the GPA and are not included when determining Satisfactory Academic GPA requirements.

**Completion Rate (Credit Hour Progression)**

As part of the Satisfactory Academic Progress assessment, each student’s cumulative Completion Rate will be evaluated by comparing the total number of attempted credit hours with the total number of credit hours earned. In order to achieve satisfactory academic progress, a student must earn a minimum percentage of credits attempted in accordance with the chart below:

<table>
<thead>
<tr>
<th>Physician Assistant Program (MMS)</th>
<th>Cumulative credits attempted</th>
<th>Percentage of Credit Hours that must be Successfully Completed</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>0-77</td>
<td>67%</td>
</tr>
</tbody>
</table>
Credits attempted are those hours a student is registered for at the conclusion of the add/drop period each semester as defined by the Registrar’s Office. All classes for which a student is registered after that date will be included.

Successfully completed credit hours is defined as the total number of hours which a student receives a grade of B- or better.

*Treatment of course withdrawals, incomplete(s)/not reported, repeated courses and transfer courses:*

**Withdrawals (W):** Credit hours for courses dropped before the conclusion of the add/drop period that no longer appear on the students enrollment record or transcript will not count as a course attempted. Credit hours for courses in which a student has remained enrolled after the Drop/Add period for which the student receives a "W" grade, will count as a course attempted.

**Incomplete(s) (I):** Credit hours for courses in which a student has an incomplete grade or the faculty has not reported a grade at the time in which SAP is reviewed will be included in the course attempted hours. However, as there is no current grade in the system, these courses will not be included in the cumulative GPA determination at such time.

**Repeated courses:** For required courses that are repeated due to failure, only the most recent grade is included in the students cumulative GPA when determining the GPA (SAP) standard. When determining if a student is meeting the Completion Rate (SAP) standard, credit hours for the original failure and the most recent course will count as a course attempted.

Students who receive a grade of less than a B in a course may repeat the course in order to attempt to earn a better grade. If a student re-takes a course and passes it, s/he receives credit for the course; both grades are included on the student transcript, and in computation of the GPA. No more than 2 courses may be re-taken in this manner. Any given course may only be counted once toward a PHPD degree or certificate requirement. When determining the GPA (SAP) standard and when determining if a student is meeting the Completion Rate (SAP) standard both courses will be included in the SAP determination. Students may only receive aid to repeat a previously passed course one time. Students that opt to repeat a course a subsequent time must pay for that course.

**Transfer Credits:** The Physician Assistant Program does not permit transfer courses to be used to fulfill degree requirements.

**NOTE:**

Due to the “Lock-step” nature of the curriculum, withdrawal or taking an incomplete grade in a course in the Physician Assistant Program may result in deceleration of up to one year in the Program.

**Other Institutions (Joint Programs)**

Students enrolled in courses as students in Joint or Dual Degree Programs with other institutions are subject to the standards of academic progress of this policy, counting only semesters when the student’s enrollment is administered by PHPD. If the terms of the Joint Program include stricter requirements for Satisfactory Academic Progress, the stricter requirements will be enforced.
Maintaining Satisfactory Academic Progress

The Registrar’s Office in conjunction with the Office of Financial Aid will monitor SAP at the end of each semester including Fall, Spring, and Summer. Written notification will be sent to students placed on Financial Aid Warning, Financial Aid Probation, Financial Aid Termination, and Financial Aid Reinstatement if making SAP status.

A change in program will not affect a student’s SAP standing. Students who are requesting re-entry into the university will return with the SAP status calculated at the time of withdrawal. Students requesting admission into a new degree program after graduation will begin as a first term student with a new SAP history.

Financial Aid Warning

Upon determining that a student is not making satisfactory academic progress, students will be placed on a “financial aid warning status” for a period of one semester during which the student will continue to be eligible for financial aid. This status is assigned to a student automatically once determined that the student is not progressing satisfactorily and is effective for the next semester. No appeal is necessary and the student will be reviewed again at the end of the next semester. The status of students who have reached the required completion rate and are meeting the required GPA will be considered to be making SAP at the end of the warning period.

Once the initial warning period has ended, students who are not making satisfactory academic progress will no longer be eligible to receive financial aid unless they submit an appeal and it receives approval - see section on Appeal and Financial Aid probation.

Appeal for Reinstatement of Financial Aid Eligibility

Students who are terminated from financial aid eligibility for not meeting satisfactory academic progress standards (SAP) and who have extenuating circumstances may appeal to reestablish their eligibility. Students may not use financial aid to make retroactive tuition and fee(s) payments.

The appeal must be based on extenuating circumstances that prevented a student from meeting the requirements of the satisfactory academic progress policy. Circumstances may include extreme medical issues, a death in the immediate family, employment related hardship, military mobilization, and/or extreme personal problems. Students must indicate specific information on why they failed to make satisfactory academic progress and what has changed that will allow them to meet these standards at the next evaluation.

Students may appeal the maximum timeframe allowance, GPA and/or the completion rate component of Satisfactory Academic Progress. There are no limits to the number of appeals that students may submit. However, subsequent appeals may not be based on the same circumstance as previous appeals.

Appeals should be submitted along with necessary documentation within 10 days of being notified that they are no longer eligible to receive financial aid and mailed to: Financial Appeals Committee, Attn: John Matias, 136 Harrison Avenue, Boston, MA 02111.
The Financial Appeals Committee will review the request and respond to the student in writing with the decision. This decision is final and may not be appealed.

If the appeal is denied, students may continue their studies but are required to self-pay and make payment arrangements through the Bursar’s office. Standards of academic progress will continue to be monitored each semester and students will be notified: 1) whether they continue to not meet the standards or 2) should their eligibility change and they become eligible based on meeting the standards.

*Financial Aid Probation*

If the appeal is approved, students will be placed on Financial Aid Probation. Financial Aid Probation is generally for one semester, and the student is eligible to receive financial aid funding during that time. After the semester ends, students will again be evaluated to determine if they are making Satisfactory Academic Progress. If they are not, students aid eligibility will be terminated unless the student was required to be on an academic plan that lasted longer than one semester as part of their original probation. – *See Academic Plan below for additional information.*

*Academic Plan*

In certain circumstances, an Academic Plan may be created for a student who will not be able to complete the necessary benchmarks to regain SAP status by the end of the Financial Aid Probation period. The Academic Plan includes benchmarks that must be completed for each successive semester in order to continue on the plan and continue to be eligible for financial aid. Academic Plans must be approved by the Physician Assistant Program Promotion Committee.

*TUTORING*

Tutoring in the didactic year is available at the recommendation of course directors for students who have done poorly on an examination. The Program Director or Assistant Director must approve the tutoring plan. The Program will pay $20.00 per hour up to a total of 10 hours of tutoring per semester with the balance of the cost being the responsibility of the student. Tutoring is restricted to one course per semester and is not available to students in the clinical (second) year of the Program. The PA Program office will maintain a list of approved tutors, who are drawn from upperclass students in the MD or PA Program, and are subject to the approval of the Program Director.
DEGREE REQUIREMENTS

- The physician assistant program is 25 months in length.
- Students proceed as a cohort through the first year which comprised of 24 core didactic courses in three semesters.
- The second year is comprised of 48 weeks of clinical rotations through basic medical disciplines, including two elective clinical rotations.
- No substitution or transfer of course credits is permitted.
- Prior to advancing to the second year, students must have demonstrated satisfactory academic performance in all coursework. No student may advance to the second year with any incomplete grades.
- Prior to graduation all students must successfully complete: all clinical rotations, the capstone project, and comprehensive and objective structured clinical examinations.
- Students must receive a satisfactory professionalism evaluation
- All work must be completed within 25 months from the date of matriculation into the program. The only exception will be students who have been decelerated.

GRADUATION

In order to graduate, students must successfully complete all degree requirements. In addition, all financial obligations must be paid to TUSM before the degree is awarded. The Trustees of Tufts University must approve all graduate degrees. Degrees offered by the Physician Assistant Program are primarily granted in February.

There is one Commencement ceremony per year that is generally held on the third Sunday in May.

*Application for Graduation Forms* are available on-line or from the Office of Student Services for Public Health and Professional Degree Programs, and must be filed by September 15th.

TRANSFER CREDITS

Students may have taken undergraduate or graduate courses at other institutions; however, students may not use these courses as substitutes (advanced standing) for any course in the PA Program curriculum. All courses in the curriculum must be taken within the Program.

STUDENT COURSE EVALUATIONS

Students are asked to complete course evaluations to provide feedback to the course director and Program leadership.

*Administration of Evaluations*

Course evaluations are administered online via TUSK during the last two weeks of each course and the last week of each clinical rotation. The evaluations are anonymous and have no markers to identify students.

*Distribution of Results*

The evaluations include a statistical summary and the narrative comments of each student and are available in the Office of Student Services.
Program/Course Director Access
Aggregated results of the student evaluations are distributed to the program director as well as the Dean of the Public Health and Professional Degree Programs. In addition, each course director receives the results for their course.

STUDENT ADVISORS
All PA students are assigned an advisor from the Program faculty prior to orientation. It is the responsibility of the student to meet with his or her advisor early in the first semester and schedule regular meetings thereafter. Advisors are available to discuss academic issues, study habits, time management, assistance in identifying topics and developing work plans for capstone projects, and guidance in deciding upon career paths. Advisors do not assist students with behavioral health issues. Short-term personal counseling is available at the Student Advisory Health Administration or through student health insurance.

STUDENT EMPLOYMENT
Due to the intense nature of the entire curriculum and variable schedules in the clinical year students are strongly urged NOT to work while enrolled in the PA Program. Employment of enrolled students by the Program is prohibited. The exception to this policy is that second year students in good academic standing may serve as tutors for first year students, with written permission of the Program Director. While students may assist faculty in didactic, laboratory, or clinical settings to share their knowledge or experience, students may not serve as the primary instructor or the instructor of record in any circumstance. Nor may students substitute for clinical or administrative staff in their supervised clinical practice experiences.
STATEMENT OF PHILOSOPHY
The Office of Public Health and Professional Degree Programs (PHPD) is committed to fostering an environment that promotes academic and professional success in students, teachers and administrators at all levels. The achievement of such success is dependent on an environment free of behaviors which can undermine the mission of our institution where an atmosphere of mutual respect, collegiality, fairness, and trust is essential to that mission. Although teachers, students and administrators bear significant responsibility in creating and maintaining this atmosphere, teachers also bear particular responsibility with respect to their evaluative roles relative to student work and with respect to modeling appropriate professional behaviors. Teachers must be ever mindful of this responsibility to conduct themselves professionally in their interactions with their colleagues and those whose education has been entrusted to them. Abusive behavior or mistreatment of anyone in the learning environment is unacceptable. Any student who feels mistreated is entitled to file an informal complaint or a formal grievance to address unacceptable behavior.

RESPONSIBILITIES IN THE TEACHER-Student RELATIONSHIP
Responsibilities of Teachers:
• Treat all students with respect and fairness.
• Treat all students equally regardless of age, gender, race, ethnicity, national origin, religion, disability, sexual orientation or gender identity or expression.
• Provide current materials in an effective format for learning.
• Be on time for class.
• Provide timely feedback with constructive suggestions and opportunities for improvement/remediation when needed.
• Assign grades that fairly reflect student performance.

Responsibilities of Students:
• Treat all fellow students and teachers with respect and fairness.
• Treat all fellow students and teachers equally regardless of age, gender, race, ethnicity, national origin, religion, disability, or sexual orientation.
• Commit the time and energy to studies necessary to achieve the goals and objectives of each course.
• Be on time for class.
• Communicate concerns/suggestions about the curriculum, didactic methods, teachers, or the learning environment in a respectful, professional manner.

Responsibilities of Administrators:
• Treat all teachers and students with respect and fairness.
• Treat all teachers and students equally regardless of age, gender, race, ethnicity, national origin, religion, disability, sexual orientation or gender identity or expression.
• Address all administrative matters in a fair and timely manner.
BEHAVIORS INAPPROPRIATE TO THE TEACHER-_STUDENT RELATIONSHIP
Inappropriate behaviors are those that demonstrate disrespect for others or lack of professionalism in interpersonal conduct. Although there is inevitably a subjective element in the witnessing or experiencing of such behaviors, certain actions are clearly inappropriate and will not be tolerated at Tufts University. These include, but are not limited to, the following:

- loss of personal civility including shouting, arguing, personal insults or attacks, displays of temper (such as throwing objects);
- requests for others to perform inappropriate personal services unrelated to the didactic situation at hand;
- any activities resulting in monetary exchange or profit;
- grading/evaluation on factors unrelated to performance, effort, attendance, level of achievement or professionalism;
- unwanted physical contact (e.g. hitting, slapping, kicking, pushing) or the threat of the same;
- sexual harassment or harassment based on age, gender, race, ethnicity, national origin, religion, disability, sexual orientation or gender identity or expression (see http://www.tufts.edu/oeo/sexualharassment.html for university policy and procedures);
- consensual romantic relationships between teachers and students in which the teacher has a role in determining the student’s academic progress;
- discrimination of any form in teaching and/or assessment based upon age, gender, race, ethnicity, national origin, religion, disability, sexual orientation or sexual identity or expression.

RESOURCES FOR ADVICE AND CONFLICT RESOLUTION
In the interest of having all members of the PHPD community perform their duties and obligations in a harmonious and effective manner, PHPD recognizes the importance of prompt and equitable disposition of any complaint or grievance at the lowest possible organizational level utilizing procedures with maximum informality and flexibility. It is strongly encouraged that problem solving and conflict resolution be accomplished, if it can, without requiring that a formal written Grievance be filed in a manner as outlined below. In that spirit, any concerns, problems, and complaints may be discussed without fear of retaliation with various individuals in PHPD including the Course Director, the Program Director or designate the student’s Academic Advisor, Associate Dean of PHPD or any member of the Grievance Committee. Every effort will be made to resolve the matter informally. Students are also entitled to file a formal Grievance using the procedure set forth below.

PROCEDURES
To handle allegations of inappropriate behavior in the teacher-student context or other formal grievances, if a student is unable to resolve a conflict informally and chooses to file a formal Grievance, this must be done in writing through the Chair of the PHPD Grievance Committee. If at any time during the grievance process it appears that an informal resolution is indicated, it still may be achieved in that manner. Otherwise, the Chair will investigate the complaint and attempt to resolve the matter by working with the appropriate individuals within PHPD. If the complaint cannot be resolved in this manner, the student will be offered the opportunity to put the Grievance in writing. The Chair will forward it to the Associate Dean for PHPD. The Chair and Associate Dean for PHPD will together assign a third (ad hoc) member of the Grievance Committee (appropriate to the Grievance). If any member of the Grievance Committee is named in the Grievance, that person will be excused from service on the Committee and the Associate Dean shall name an alternate.
Grievance Committee will conduct an investigation of its own and make a decision or take appropriate action which will be communicated to the student. If the student is not satisfied, he or she may appeal the decision/action of the Grievance Committee to the Dean of PHPD. The decision of the Dean of PHPD may be further appealed to the Dean of Tufts University School of Medicine, whose decision will be final.

The formal Grievance Process is thus as follows:

1. The student fills out the Grievance Form obtained from the PHPD Office of Student Services with adequate clarity and detail to describe the nature of the grievance;
2. The student delivers the Grievance Form to the Chair of the PHPD Grievance Committee via mail, email or in person;
3. The PHPD Grievance Committee Chair will forward a copy to the Associate Dean for PHPD
4. The Associate Dean for PHPD will select a third (ad hoc) member to join the Grievance Committee;
5. The Grievance Committee will conduct an investigation, meet with whomever it deems appropriate to the situation and issue a decision in writing;
6. The Chair of the Grievance Committee will deliver the decision to the Student and advise the student of his/her right to appeal to the Dean of PHPD.
7. The student will be told that he/she may further appeal the decision to the Dean of TUSM, whose decision will be final.

PHPD Grievance Committee
Chair of Grievance Committee
Second Standing Member
3rd person to be assigned ad hoc by the Associate Dean for PHPD as appropriate to the Grievance

Current Committee Composition
Chair of Grievance Committee: Marcia Boumil, JD
Second Standing Member: Amy Lischko, ScD
Third faculty member assigned ad hoc by Robin Glover, Associate Dean, PHPD
REGISTRATION

All students must meet the requirements noted below.

- Obtain Financial Clearance
- Comply with the Health Insurance and Immunization Requirements
- Complete the TUSM HIPAA training and Universal Precautions Certification

Financial Clearance
Students must obtain financial clearance from the Bursar’s Office. Students without financial clearance are ineligible to start or may be subject to withdrawal from their academic program. In addition, students without financial clearance are not entitled to receive official transcripts and other services of the Registrar’s Office and Office of Student Services.

Health Insurance/Immunization Requirements
In order to comply with legislation of the Commonwealth of Massachusetts and with University policy, registration will be incomplete unless the student enrolls in the student health insurance program or submits an authorized waiver of enrollment to the Student Advisory and Health Administration Office, certifying coverage comparable to legislative and policy requirements. In addition, the student must file complete immunization documentation with the Student Advisory and Health Administration Office.

The student must obtain clearance from the Student Advisory and Health Administration Office for health insurance and immunization requirements. Students without clearance are subject to withdrawal from their academic program.

HIPAA – HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT
On April 14, 2003, the Health Insurance Portability and Accountability Act (HIPAA) went into effect, requiring all hospitals in the United States to comply with federally mandated patient privacy protections. The law applies to disclosure of health information whether by electronic, paper or verbal communication. It sets in place standards for proper use of patient information, a patient’s right to access and control this information and a hospital’s obligation to adopt written policies, train employees in these procedures, and ensure that these procedures are followed.

Annually, as part of registration, students in the PA Program are required to complete the TUSM HIPAA training and Universal Precautions certification. HIPAA training is available as an on-line
course on TUSK. Students will receive notification for when they must complete the training from the Registrar’s Office. The Universal Precautions training will be given in a session during orientation.

MALPRACTICE INSURANCE
All registered Tufts students are fully covered by malpractice insurance while enrolled in the PA Program. During the clinical year, students must be participating in a rotation that is part of, or approved by, the Program. Students whose registration has been suspended due to an outstanding balance with the Bursar’s Office or students whose rotations have not been approved are not covered by malpractice insurance. Once the balance has been paid or the rotation approved, the student’s registration will be finalized and malpractice insurance is again in effect. Questions regarding malpractice insurance should be directed to the Program Director.

CHANGE OF STATUS (LEAVES AND WITHDRAWAL)
Leave of Absence
A student in good academic standing may submit in writing to the Registrar a request for a Leave of Absence for medical or personal reasons. A leave of absence may be granted for up to one year via approval of the Registrar; additional leaves may be requested. Time spent on a leave will not be counted toward the standard time limitations for degree completion.

It is the student’s responsibility to notify the Office of Student Services for Public Health and Professional Degree Programs in writing that he/she is planning to re-enter Tufts University. Students who do not return from leave of absence on or before the date on which the leave expires will be considered to have withdrawn from the University. The effective date of the withdrawal will be the date on which the leave of absence began. Returning to the degree program after withdrawal requires re-application, subject to the conditions of the normal admissions process.

Medical Leave of Absence
In special situations, graduate students may request or may be placed on a medical leave of absence.

Student Initiated Medical Leave: The student should obtain a letter from his or her primary care physician or other treating physician recommending a leave of absence. This letter should indicate the reason for the leave and the expected duration. The student should submit this letter to the Registrar for the Public Health and Professional Degree Programs. He/she will review the request and determine whether or not the leave is to be granted.

School Initiated Medical Leave: The Dean for Public Health and Professional Degree Programs may place a graduate student on medical leave of absence. This is normally done in consultation with the student’s program director and faculty advisor. The student may submit a letter from his or her treating physician either in support of the leave or in support of allowing the student to remain in school.

Tufts University School of Medicine reserves the right to have the student and his or her medical records reviewed by a physician or other health care professional of its choosing in any medical leave or return from leave situation.
Students granted a medical leave of absence will receive a grade of W (withdrawn) in each course for which they are registered at the time the leave begins.

Reinstatement from Medical Leave: All students seeking to return from medical leave of absence will be evaluated by the Dean for Public Health and Professional Degree Programs in consultation with any other person deemed necessary by the School. The decision to re-admit a student from medical leave of absence is based upon evidence of the student’s recovery and his/her ability to handle the academic and cultural demands of the program.

It is the student’s responsibility to notify the Office of Student Services for Public Health and Professional Degree Programs in writing that he/she is planning to re-enter Tufts University. Students who do not return from leave of absence or medical leave on or before the date on which the leave expires will be considered to have withdrawn from the University. The effective date of the withdrawal will be the date on which the leave of absence began. Returning to the degree program after withdrawal requires re-application, subject to the conditions of the normal admissions process.

Tuition Policy Related to Leaves of Absence or Withdrawal
In the event of a leave of absence (medical or other) or withdrawal the University refund policy will apply for any period of leave.

Students are strongly encouraged to meet with their Financial Aid Advisor in the Office of Financial Aid to discuss the consequences of taking a leave or withdrawing.

Withdrawal from the Degree Program
A student who wishes to terminate his/her degree program must submit a completed Withdrawal Form to the PHPD Registrar. The effective date of the withdrawal for tuition refund purposes will be the date on which notification was received by the Registrar.

MATERNITY POLICY
TUSM complies with all applicable Massachusetts and Federal laws regarding leaves of absence due to pregnancy-related disability and childbirth.

VERIFICATION OF ENROLLMENT
Any student who has registered for the current semester may request verification of his or her enrollment status from the Office of Student Services for Public Health and Professional Degree Programs. Enrollment verification forms will be completed and mailed from the OSS within 10 days of receipt. A letter can usually be provided within one week or less of a request. Requests for verification of enrollment that comes directly to the school from outside agencies will be answered without notice to the student. No information other than Directory Information (see definition in the Federal Educational Rights and Privacy Act section of this handbook) will be given out without written consent of the student unless the requesting agency is one that has guaranteed access to the information requested under the Federal Educational Rights and Privacy Act of 1974. See the Privacy Act Section of this booklet for a listing of such agencies.
TRANSCRIPTS
Transcripts are available only upon completion and submission of the Transcript Request form and $5.00 processing fee to Office of Student Services (OSS). The form is available on-line (http://publichealth.tufts.edu/Student-Services/Student-forms/Transcript-Request) or in the OSS. Because federal law prohibits release of transcripts without this written request, verbal, telephone and e-mail requests cannot be honored, although faxed transcript requests or scans of signed Transcript Request forms can be accepted. Students should allow at least ten working days for the processing and mailing of transcripts. Processing time depends on such factors as computer availability and workload.

For students who have attended other schools within Tufts a transcript can be generated that includes all coursework and degrees across the university. Students wishing to obtain this unified transcript should indicate such on their request form.

Official transcripts are affixed with the school seal and signed by the Registrar. They are sent directly to the address named in the transcript request. Transcripts released directly to students will be stamped “issued to student”. Transcripts are withheld from students with outstanding balances on their student accounts until the student has paid any and all amounts owed to Tufts University.

CORI - CRIMINAL OFFENSE RECORD INFORMATION
Prior to the start of the clinical year, students are required to undergo criminal background checks. The PA program will conduct CORIs and provide results to the clinical sites. It is required that you complete and return the hospital/clinical site’s required paperwork by the deadline they set.

NAME CHANGE
The Registrar’s Office maintains all records under the legal name that was used at the time of matriculation. Official records do not display nicknames or preferred names unless legal documentation is provided (such as a marriage license, passport, or legal name change document). Request for a name change must be made in writing and accompanied by the appropriate legal document. If you wish to also have your Tufts’ email address changed to your new name, please make the request at the same time as that of the name change.

STUDENT IDENTIFICATION CARDS
Student Identification Cards are available at orientation for all new TUSM students. Any student who loses his/her ID card should contact the Campus Police (M&V1). The Campus Police may charge a replacement fee.

FINANCIAL AND IMMUNIZATION HOLDS
The Registrar’s Office will not release any transcripts, diplomas or letters confirming enrollment or graduation to any student with either a financial or immunization hold on their account.
SERVICES/GENERAL INFORMATION

OFFICE OF STUDENT SERVICES

Biomedical Research and Public Health Building
M&V Wing, Suite 142
136 Harrison Avenue
(617) 636-0935
http://publichealth.tufts.edu/Student-Services.aspx

The first point of contact for Public Health and Professional Degree Programs’ students is the Office of Student Services. The facility includes Admissions, Registrar and Career Services Offices. Tufts prides itself on being customer focused by offering prompt, friendly, and personal support and guidance to students.

Student Services staff process admissions applications, registrations, career coaching, maintain academic records, track academic progress, and approve leaves of absence. The staff is also responsible for, PHPD Programs’ orientations, commencement and related activities, student email accounts, locker assignments, program related events, support to student and alumni organizations and providing support to Public Health and Professional Degree Programs’ governance committees. Students are always welcome and are encouraged to stop in with any questions or concerns.

CAREER SERVICES

Office of Student Services
M&V Wing, Room 142G
136 Harrison Avenue
(617) 636-0935
Email: PHPD-CareerServices@tufts.edu,
Website: http://publichealth.tufts.edu/Student-Services/Career-Services

The Public Health and Professional Degree Programs’ Career Services Office provides a variety of tools to help students prepare for and achieve successful employment. Throughout the year, career workshops teach specific skills such as resume writing, interviewing, networking, and negotiating. A career services website provides numerous resources linking students to some of the best employment, volunteer, and internship sites, as well as current information and trends related to the job search process.

In addition, the Career Services office hosts employer information sessions, as well as alumni career panels that provide students with additional opportunities to learn how they can apply their degrees in the real world. Career Counseling and resume critiques are available by appointment.
ATHLETIC FACILITIES

Sackler Building
The Tauber Fitness Center is located in the lower level of the Sackler Building. It is equipped with cardio, total body workout machines, free weights, miscellaneous equipment, locker rooms, and showers. No fee is required to use the Center. Fitness classes are offered for a small fee. The Center is staffed and the hours of operation are as follow:

Monday – Friday: 6:00 AM – 10:00 PM
Saturday – Sunday: 12:00 PM – 7:00 PM

Wang YMCA of Chinatown Student Membership Program
Students of TUSM can join the Wang YMCA located just a few blocks away from the Medical School at 8 Oak Street West (at the corner of Oak and Washington Streets). The membership fee for TUSM students is $27.00 per month. A one-time $100 “joining fee” is waived for students who apply for membership. The monthly payment must be made on an automatic basis, from a debit/credit card or bank account. A 30-day notice must be given in order to cancel membership. A yearly single pass is $210; for a couple $560.00. Membership benefits include an indoor 25-yard pool; gymnasium; fully equipped fitness center; aerobic studio; child care center; free weight room; and babysitting services. Membership in the Wang YMCA of Chinatown entitles students to use all of the 13 facilities within the YMCA of Greater Boston. Call 617-426-2237 for more information.

Tufts-Medford
Please consult the Tufts Athletics website for more information at http://ase.tufts.edu/athletics/ or call 617-627-3232

All athletic facilities on the Medford Campus are free upon presentation of the Tufts ID. Students are able to use these facilities during normal hours of operation except when physical education classes, practices, games or matches, or other events are scheduled. Athletic facilities include playing fields, a 25 yard swimming pool, two indoor tennis courts (for which reservations are required), outdoor tennis courts (for which no reservations are required), a gym with basketball court, outdoor basketball courts, indoor and outdoor track facilities, fitness center, cage area, sauna and eight squash courts.

HOUSING
Your first stop for help during the academic year with off-campus housing should be http://www.tufts.edu/med/admissions/phpd/housingforphpd.html. This site links you to The Off-Campus Housing Resource Center, which maintains listings for rooms, apartments and houses in all price ranges and in all areas of Greater Boston. There are also lists of short-term housing. During the summer months, the Housing Resource Center maintains a listing of students seeking roommates. Housing questions can be directed to PHPDhousing@tufts.edu, which is checked primarily during the spring and summer months.
Students live throughout Boston and the suburbs, with Beacon Hill, Back Bay, Brookline, North End, Cambridge, Brighton, South End, Somerville, Allston, South Boston, Jamaica Plain and Malden being the most popular. (Malden, Jamaica Plain, and the North End all being on the Orange line make them ideal locations). When trying to decide where to live, you may want to consider commuting time to TUSM (get an MBTA map and see this handbook’s section on “Public Transportation”); neighborhood safety; local shops; whether overnight street parking is allowed; car insurance rates, which vary from town to town and are generally lower in the suburbs; whether other students will be available for car pools, support, etc. Most importantly, students should consider proximity to public transportation and neighborhood safety.

TUFTS UNIVERSITY HEALTH SCIENCES CAMPUS BOOKSTORE
Arnold Building First Floor
116 Harrison Avenue
617-636-6628
www.tufts-med.bkstore.com

Tufts University Health Sciences Bookstore stocks required PA medical equipment, textbooks, medical reference and review books, lab supplies, school supplies, and snacks. Special items can sometimes be ordered.

The bookstore will have all textbooks ready for purchase prior to the start of classes. You can stop by the bookstore to purchase your books or you can log onto www.tufts-med.bkstore.com. All students purchasing the books on line will have the option to pick up the books in store or have them shipped to their home. If your textbook is out of stock at the bookstore, at any time see a member of the management team and they will special order the book for you. The bookstore allows students to return or exchange textbooks the first week of class.

Bookstore Return Policy on Textbooks
• A full refund will be given in your original form of payment if the textbooks are returned the first week of class with a receipt.
• With a proof of a schedule change and a receipt, a full refund will be given in your original form of payment during the first 30 days of classes.
• No refunds will be given on textbooks without a receipt and not in the original condition

Bookstore forms of Payment
Cash, check, Travelers checks, Visa, MC, American Express, Discover, and Barnes and Noble Gift Cards. The cardholder must be present for the purchase. Barnes and Noble Gifts cards can be purchased through the bookstore, at Barnes & Noble stores, or online.
COMMUNICATION
Students receive an email account through the Public Health and Professional Programs’ Student Services Office during orientation. An email listserv has been created for all PHPD students and for each of the programs to notify students of relevant information. Students are expected to check their Tufts’ email account at least once a day for information regarding their courses, programs and events. The Program will not be responsible if a student has inaccurate or missed information because the student does not routinely read, check or clear his/her email account.

STUDENT LOUNGE
There is a newly renovated Public Health and Professional Degree Programs’ Student area located on the first floor of the Stearns Wing at 136 Harrison Avenue that includes lounges and study rooms. The large lounge is equipped with a television, soft seating, tables, vending machines, a microwave, water cooler and refrigerator/freezer. The large Study Room is equipped with desktop computers and a printer. Directions for printer use can be found at most of the computer work stations; pages may be paid for by using jumbo-cash. The Lounge and Study Rooms have wireless access.

STUDENT LOCKERS
Lockers are available for PA Students on the second floor of the M&V Wing. The lockers will be assigned by the PA Program Manager.

MAIL SERVICES
Campus and hospital mail can be dropped off in the Stearns Wing basement mailroom. There are public mail boxes located at the corner of Harvard St and Harrison Ave (roughly across from the entrance of the Sackler Building). and also at the corner of Kneeland St. The closest Post Office is located about three blocks from the school at 7 Avenue de Lafayette, across the street from the Hyatt. It is open Monday through Friday from 8:00 AM to 6:00 PM, and from 9:30 AM to 1:00 PM on Saturdays. You can also buy stamps and other postal services and supplies at the Mail Boxes, Etc. store located on Stuart St. Stores such as Mail Boxes, Etc., however, charge more than a post office for stamps and other mailing services.

PUBLIC TRANSPORTATION
The MBTA (Massachusetts Bay Transportation Authority) provides subway, bus and commuter rail service throughout Boston and its suburbs. The best source of up-to-date public transportation information is the MBTA’s Web site at http://www.mbta.com. This web page provides a variety of information about schedules (which you can print out), fares, and access to transportation for physically disabled individuals, and notices about delays in service due to weather or construction.
If you commute regularly, a MBTA semester pass will save you some money. Boston-based Health Science School students (Medical, Dental, and Nutrition Schools and Public Health Professional Degree programs) are eligible to purchase an MBTA semester pass at a 25% discount over regular “T” prices. Each student is entitled to one pass only. The program is administered by the Bursar’s Office, first floor, Posner Hall. A Tufts ID must be presented when you pick up your pass. Unless there is a pre-approved exceptional situation, students must pick up their own pass. For a detailed list of pass prices with the noted discount, visit the Bursar’s MBTA Passes site at http://finance.tufts.edu/bursar/mbta-passes/.

Semester passes go on sale twice a year. Fall passes, for September through December, are purchased in July. Spring passes, for January through May, are purchased in November. Application forms are e-mailed or mailed to all eligible enrolled students in July and November, and are also available at our Office. Semester passes are picked up each month beginning on the fourth last business day of the month. With a Semester Pass, students only have to pay once a semester and are guaranteed the availability of a discounted pass.

PARKING
Tufts Shared Services Parking Department
274 Tremont Street Garage, 1st floor
Tel: (617) 636-5580
Fax: (617) 636-1498

Hours: Monday - Thursday, 7:00 a.m. - 6:00 p.m.
Fridays- 7:00 a.m. - 4:00 p.m.

Parking decals are required to use the TSS parking facilities. They are available at no charge to PHPD students upon presentation of a TUSM student I.D. and car registration to the Parking Office. Please Note: Students are issued only one decal per school year. Lost decals will not be replaced.

In addition to the parking decal, student parkers must pay with a coupon. Coupons are available for purchase in the Parking Office or at the Bursar’s Office, 200 Harrison Avenue. Students are assigned to a location with a decal and the decal must be affixed to the left rear side of the car to become valid.

Students are assigned to the Herald Street Garage and Traveler Street Lot and must pay with a coupon upon entering. Herald Garage is open from 5:00 am – 2:00 am and Traveler Lot from 6:00 am – 1:00 am. Both locations are closed on the weekend. A free shuttle service is provided to Herald Street Garage and Traveler Street Lot based on the hours of operations. Those facilities do not offer long-term parking.

Weekends: All students may park in the Tremont Street garage located above the Parking Office only on Friday 10:00pm – Monday 9:00 am. The cost of parking is one coupon per every 24 hour. To park at the Tremont Street Garage requires that you drive in the car with the decal. Students MUST leave the Tremont Street Garage at 9:00am or will be penalized a $34.00 fee per day.
Parking Regulations for Tufts Students

• Parking is permitted only with a currently valid TSS parking sticker and parking coupon.
• Vehicle registration to prove ownership and Tufts identification card must both be presented to the Parking Office in order to obtain a sticker for one car.
• No in and out parking is allowed on the same parking ticket. If you do have occasion to leave the garage, a new ticket must be purchased on re-entry.
• The parking facilities do not allow long term storage of vehicles (overnight).
• Parking stickers are not transferable. Anyone who uses a lost, stolen or fraudulent sticker will be subject to loss of parking privileges. Questions regarding parking should be directed to the Parking Office, 617-636-5580.

Motorcycles
Motorcycles can be left in the parking garage at 274 Tremont Street for $8.00 per day. Students must have their Tufts Student ID available upon request.

Bicycles
Bicycles must be registered with the Campus Police in order to use the parking facilities. After completing a short form, you will receive a decal which should be placed on the frame of your bike and suggestions of where to leave the bicycle. Theft from street sign poles and fences are common place in the Tufts neighborhood, and bicycles chained to parking meters are often hit by cars as they try to park. In the event that your bike is stolen, registration with the Campus Police is often required by insurance companies.

NOTARY PUBLIC
The function of the notary public, in part, is to witness your signature. Be prepared to provide a photo ID. Documents that are not signed in the presence of the notary cannot be notarized.

Loan forms and other documents may be notarized in the Medical Dean’s Office on Sackler 8, in the Bursar’s Office, 200 Harrison Avenue, 1st floor, and at the Campus Police, M&V 1. There is no fee for this service to Tufts students. However, you must present proper ID (such as a student ID or driver’s license).

VOTER REGISTRATION
You cannot register to vote in Massachusetts via the internet, but you can request a voter registration form to register to vote at http://www.sec.state.ma.us/ele/elestu/stuidx.htm. You will not be registered to vote until you return the completed voter registration form to your local city/town hall. To register to vote in other states, you can download a National Voter Registration form from the same Web site.

ROOM SCHEDULING
For booking rooms, contact the Room Scheduling Office at 617 636 6621. If you need guidance about the process please contact the Academic & Student Services Assistant at 617 636 0935.
STUDENT HEALTH ADMINISTRATION SERVICES

STUDENT ADVISORY & HEALTH ADMINISTRATION OFFICE

The Student Advisory & Health Administration Office is located at 200 Harrison Avenue on the fourth floor of Posner Hall. Office hours are Monday - Friday, 9:00 a.m. - 5:00 p.m.

<table>

This office provides:

- short-term, confidential counseling/advice for evaluation of personal or school-related problems and referrals for psychotherapy and/or psychiatric care

- oversight of the student health insurance and disability insurance programs

- collection and screening of all immunization documentation required by the Commonwealth of Massachusetts and Tufts University and those recommended for healthcare workers by the Centers for Disease Control and Prevention (CDC)

This office does not provide health care with the exception of limited counseling services. There is no health center on the Boston Campus.

STUDENT HEALTH ADMINISTRATION FEE

All full-time and part-time matriculated students (“in degree programs”) are required to pay an annual Student Health Administration fee of $214. This fee covers the cost of immunization screening, health plan administration, and short-term counseling.

COUNSELING AND MENTAL HEALTH SERVICES

The Student Advisory & Health Administration Office provides short-term, confidential counseling/advice for evaluation of personal or school-related problems at no cost. Consultation is strictly confidential and no information will be released without the student’s written consent.

Appointments are available by calling the Student Advisory & Health Administration Office at 617-636-2700, or emailing Debbie Quinn, Debbie.Quinn@tufts.edu. Her office is located in Posner Hall at 200 Harrison Avenue, on the 4th floor.
Referrals for psychotherapy, psychiatric evaluations and/or long-term therapy can be made through Debbie Quinn. Payment for behavioral health or psychiatric services outside of the University is the responsibility of the student. Students enrolled in the student health insurance plan, Harvard Pilgrim Health Care Insurance Company (HPHC)/United Healthcare Student Resources (UHCSR), have a $15 co-payment for eligible mental health visits. There is no limit on eligible mental health visits for non-biologically-based and biologically-based mental disorders per academic year. For covered Mental Health benefits refer to the Certificate of Coverage. Assistance in locating a mental health provider is available from Debbie Quinn or, if enrolled in the student insurance plan, at: https://www.UHCSR.com.

**DENTAL CLINIC SERVICE**
Limited free dental health services are available through the Tufts University Undergraduate Dental School Clinic and include: Annual x-rays, Annual Oral Exam, Annual Cleaning and Emergency services (diagnostic only). The fees for these services are paid by Tufts University School of Medicine. Appointments are available by calling 617-636-6828. You must present your student I.D. to receive the free services.

**DENTAL INSURANCE**
An optional dental insurance plan is offered through Delta Dental. Questions regarding benefits and providers, call Delta Dental at 800-872-0500. Questions about enrollment, call Crosby Benefits at 800-462-2235. More information can be found on the following website, http://medicine.tufts.edu/saha.

**HEALTH INSURANCE**
The Commonwealth of Massachusetts requires health insurance coverage for all students enrolled in a three-quarter to full time program in higher education. Tufts University offers a comprehensive student health insurance plan that meets the State and University requirements. The student health insurance plan, underwritten by HPHC Insurance Company, an affiliate of Harvard Pilgrim Health Care (HPHC), and administered by United Health Care Student Resources (UHCSR), includes primary and emergency care, major medical coverage, a prescription plan, eye care, mental health benefits and many other services. When making decisions regarding health insurance, students should be aware there is no health service clinic available to Tufts University Boston Campus students.

The student health insurance plan is available to all matriculated health sciences students and their eligible dependents. Eligible dependents include: spouse, domestic partner, or dependent(s) under the age of 26.

Each semester, students are charged one-half of the annual insurance cost at the Individual rate. Two-person or family health insurance coverage is available at an additional cost. Full payment for two-person or family coverage is required at the time of enrollment.
Open Enrollment for the student plan is September 1st – 30th of each academic year. This provides a once a year opportunity for students to apply for enrollment or add dependents without a qualifying event. There is a grace period of thirty (30) days beyond the Open Enrollment date in which to apply. To apply for coverage during Open Enrollment students must complete an online Enrollment Form at: https://studentcenter.uhcsr.com. Insurance ID cards will be received within 7 to 10 business days of enrollment.

Unless there is a qualifying event, students are not eligible to apply for coverage or add a dependent(s) at any other time of the academic year. Qualifying events include: change in marital status; birth or adoption of a child; or loss of alternate insurance through no fault of the student or dependent. The Enrollment Form must be submitted within sixty (60) days of the qualifying event. Students should contact the Student Advisory & Health Administration Office for information on applying and the prorated payment amount.

Students must reapply for the student health insurance coverage each academic year. Unless there is a change of student status, the insurance coverage continues through August 31st of the current academic year. The effective date of enrollment for returning students is September 1st and for new students is the first day of orientation, not the date of the enrollment form.

WAIVING THE STUDENT HEALTH INSURANCE
State Law and University Policy require all students to carry health insurance when enrolled in a three quarters to full time program in higher education. The student health insurance plan is not intended to replace the student’s current coverage. Students are not required to enroll in HPHC/UHCSR plan and may waive the student plan by completing a Waiver Form. Students must waive the student health insurance coverage each academic year.

Completion of a Waiver certifies participation in a health insurance plan that meets or exceeds the coverage required by Massachusetts General Law. Information regarding the State’s minimum qualifications for a health insurance plan can be found at: http://medicine.tufts.edu/Who-We-Are/Administrative-Offices/Student-Advisory-and-Health-Office/Student-Health-Insurance.

To waive the student plan during Open Enrollment, September 1st – 30th, complete a Waiver at: https://studentcenter.uhcsr.com. Use your insurance card to answer all the questions on the waiver. Once approved, you will receive an email confirmation and your student account will be credited for the health insurance cost. Students whose waivers are denied will be automatically enrolled in the HPHC/UHCSR insurance plan.

Students who do not take action to either waive or enroll by September 30th, or whose waiver has been denied, will be automatically enrolled in the HPHC/UHCSR insurance plan. The online enrollment or waiver option is not available after September 30th. However, students are able to waive the school health insurance plan at any time during the academic year. For waiver instructions after September 30th please contact the SAHA Office at 617-636-2700.
STUDENT HEALTH INSURANCE POLICY FOR STUDENTS ON LEAVE OF ABSENCE

Students enrolled in the student insurance plan who have been granted a leave of absence are eligible to continue enrollment for up to one year from the effective date on which the leave begins. A Leave of Absence Health Insurance Coverage Contract must be signed and submitted to the Student Advisory & Health Administration Office in order to keep the insurance coverage. Students electing to continue insurance coverage must pay in full prior to leaving and must adhere to payment deadlines for subsequent semesters.

While on leave, full payment for fall semester premiums are due by August 15th and spring semester premiums are due by February 15th. Students who return on or before the one-year’s leave of absence may continue with uninterrupted coverage. Enrollment in the student insurance plan will be canceled if the student fails to pay the premium, or if the student does not return at the end of one-year’s leave of absence.

Prior to beginning a leave of absence, students must contact the SAHA Office at 617-636-2700 for information regarding payment procedures and benefit information.

STUDENT HEALTH INSURANCE POLICY FOR WITHDRAWN OR DISMISSED STUDENTS

Withdrawn or dismissed students have the option of continuing enrollment in the student health insurance plan for up to thirty (30) days following their termination date from Tufts University. The student has fifteen (15) calendar days from their termination date to notify the SAHA Office of their intent to continue enrollment by completing a Health Insurance Cancellation Form for Withdrawal or Dismissal.

Students must verify with the Bursar’s Office that payment of the health insurance has been made. If applicable, students canceling insurance coverage earlier than the end of the current semester will receive a prorated credit based on the date of cancellation.

Failure to notify the SAHA Office and complete the paperwork within the fifteen (15) day period will result in the student’s insurance coverage being canceled on the official date of Withdrawal or Dismissal from Tufts University.

STUDENT HEALTH INSURANCE POLICY FOR GRADUATING STUDENTS

Students graduating in the spring and summer have the option of continuing the student health insurance coverage through August 31st of the year in which they graduate. Students graduating at other times during the year may keep the student insurance until the end of the term for which the insurance cost is paid.

Students canceling coverage earlier than the maximum time allowed will receive a prorated credit for the remainder of the semester billing period.
INSURANCE CONVERSION POLICY FOR GRADUATED OR WITHDRAWN STUDENTS
Graduating students are not eligible to continue enrollment in the student health insurance plan under the Federal Law known as the Consolidated Omnibus Budget Reconciliation Act (COBRA), as this law applies to employees only.

Students remaining in the State of Massachusetts have the option of obtaining health insurance coverage through the Commonwealth Connector. More information can be found at: www.mahealthconnector.org

DISABILITY INSURANCE
Tufts University School of Medicine requires its students to participate in a disability insurance program. Students are automatically enrolled in the group plan and are billed for the annual cost of the policy. The Student LTD Certificate, which serves as a certificate of insurance, is distributed to students via e-mail as a PDF document in September. Additional information can be obtained from the Student Advisory & Health Administration Office.

IMMUNIZATIONS
In compliance with Massachusetts State Law and University policy, all health sciences campus students must have a Public Health & Professional Degree Programs Immunization Form on file at the Student Advisory & Health Administration Office. The form must be signed by a Health Care Professional, or equivalent medical documentation must be attached to the form. The form can be printed from the following website, http://medicine.tufts.edu/saha.

If you are unable to provide documentation of past immunizations, you will need to provide laboratory evidence of immunity, or be vaccinated again. Failure to comply with this policy may result in the cancellation of registration.

Upon notification from the Student Advisory & Health Administration Office, students are required to update immunizations as mandated by the Commonwealth of Massachusetts, Tufts University and those recommended for healthcare workers by the Centers for Disease Control and Prevention (CDC). Immunization requirements are subject to change, pending changes or amendments to State Law or Medical School Policy.

Questions regarding immunization requirements should be directed to the SAHA Office, at 617-636-2712.

As a condition of matriculation, the following immunization documentation is required prior to the program start date:

- **Tetanus Diphtheria Acellular Pertussis (Tdap):** One dose of the adult Tdap vaccine is required, in lieu of a Td booster. If current Td booster is less than two years old, wait to receive Tdap vaccine.

- **Measles, Mumps and Rubella (MMR):** Two doses of MMR vaccine or positive antibody titers for measles, mumps and rubella.
- Rubella: Positive rubella antibody titer and lab report are required.

- **Tuberculosis Test:** Mantoux test given within one year prior to start date and updated annually. If tuberculin positive, a chest X-ray or QuantiFERON-TB Gold Test is required within one year prior to start date.

  *List history of BCG vaccine and/or INH treatment. If history of being tuberculin positive, documentation of past positive test is required. If documentation of past positive TB test is unavailable, physician verification of being tuberculin positive is required. A history of BCG vaccine is not acceptable as proof of being tuberculin positive. BCG recipients must provide documentation of a tuberculosis test.*

- **Varicella (chicken pox):** Physician verification of year of disease, positive antibody titer, or two doses of vaccine.

- **Polio:** Documentation of vaccination is recommended. Proof of vaccination may be required in the future.

- **Hepatitis B:** Positive antibody titer and lab report are required.

- **Meningococcal:** One dose of vaccine within five years prior to start date or completion of State Waiver Form.

- **Influenza:** Annual seasonal influenza vaccine required for all students with patient contact, unless medically contraindicated. Strongly recommended for all others.

**Affiliated Hospital Requirements for PA Program Rotations**

Please note that each Tufts affiliated hospital has immunization requirements that must be met and documentation submitted prior to the beginning of each clinical rotation. Review these requirements carefully when you receive the paperwork and note that you may need to fulfill additional requirements beyond those required by Tufts University School of Medicine. (Please note: Many Tufts affiliated hospitals/clinical sites are now requiring positive antibody titers for hepatitis B, varicella, measles, mumps and rubella. In addition, some hospitals are requiring that laboratory reports for the titers be attached to their immunization documentation form).

**NEEDLESTICK INJURY POLICY AND PROTOCOL**

Students who incur an occupational exposure to blood or body fluids through the skin, eye or mucous membrane while working on a clinical rotation should immediately wash the area with soap and water (for 15 minutes). They should then report the incident immediately to the nursing supervisor who can activate the hospital’s needle stick team (to ask for permission to draw blood from the source patient). The student should then report immediately to the hospital’s Emergency Room for evaluation and treatment (at some sites, during regular hours, students can report to Employee Health but it’s best to report to the ER). Students should report that they are not employees and should provide health insurance information. The student’s blood should be drawn for Hepatitis
B antigen and antibody screening (HbsAg and anti-HBs) and for HIV antibody screening. HIV testing must be done in accordance with the current recommended protocol. If not already done, students need to request that the hospital resource nurse in charge of “source patients” be called to make sure that the “source patient” is checked as well.

PA Program students may be requested to complete an Incident Report. For payment purposes, please note that students are not eligible for Workers’ Compensation benefits since they are not technically an employee of the hospital or Tufts University. Please be certain to ask that a copy of your ER visit and lab information be sent to your PCP. You will be responsible for the initial payment of all insurance co-pays and charges by the hospital. However, the PA Program will reimburse students for up to $500.00 for costs incurred from needle stick injuries. In order to be reimbursed, you must retain copies of your payments (for associated medical visits and medications) and turn them in to the Associate Dean in the Office of PHPD.

GUIDELINES CONCERNING HIV INFECTION AND OTHER IMMUNODEFICIENCY STATES

In 1986 the Tufts University AIDS Task Force prepared a document entitled AIDS Guidelines at Tufts University, outlining general university policies relevant to students. This document is intended to provide guidelines relevant to faculty and students who are actively involved in the clinical care of patients. Our students and our faculty are involved in patient care at a number of our affiliated hospitals. Faculty and students are responsible for being familiar with and following the policy and guidelines of this document, as well as any policy of the affiliated institution in which they are taking care of patients. All students are required to attend annually a mandatory session concerning HIV infection that is presented to all medical students at Tufts University School of Medicine.

AIDS is the most severe clinical expression of infection with HIV, a human retrovirus. Current evidence supports the interpersonal transmission of this virus by means of (a) intimate, sexual contact, (b) the sharing of contaminated needles by parental drug abusers, (c) accidental contamination via needle sticks from an infected individual, (d) transfusion of blood or certain blood products (for example, plasma, cell fractions and factor concentrates)*, and (e) vertical transmission from infected mothers to their offspring at or before birth. A very low risk of nosocomial transmission has emerged from numerous studies, and overwhelming evidence supports the conclusion that this viral infection is not acquired through casual contact with infected persons. This singular fact underlies many of the recommendations, which follow.

Any response to HIV infection should be guided by the very best contemporary knowledge of this potentially devastating infection. Unnecessary, ill-conceived and possibly discriminatory actions should not be undertaken. However, it is essential that the potential infectivity of the human body fluids or tissues processed in any laboratory be recognized. Education concerning what does and what does not constitute a risk of HIV transmission is the most effective means available for containing the epidemic.
Given this introduction, the following specific recommendations are provided to guide the administration, faculty, students and staff of Tufts University School of Medicine.

1. Students infected with HIV, whether they have active AIDS, AIDS-related conditions, or who are simply seropositive for viral antibodies, will not be excluded from their educational program, unless medically-based judgments in individual cases establish that exclusion or restriction is necessary for the welfare of the individual or for the welfare of patients or members of the medical center community. In this connection, it is important that the facts about AIDS be publicized in order to help dispel ignorance and misinformation about risks posed by the presence of HIV-infected persons.

2. Students engaged in patient care activities who know or have reason to believe that they are infected with HIV are urged to share that information, on a confidential basis, with the Dean for Students so that the University can respond appropriately to their health and educational needs. The University needs such information so that every reasonable effort can be made to assure that infected persons are fully informed about the nature and consequences of their condition, for the protection of themselves and of other members of the community. This is similar to the requirements for several other potentially communicable diseases.

3. HIV-infected students will be provided with supportive and individualized health, educational and career counseling. The Dean for Students will be responsible for coordination of such counseling.

4. Students who know, or have reasonable basis for believing, that they are infected with HIV are expected to seek expert advice about their health circumstances and are obligated, ethically and legally, to conduct themselves responsibly in accordance with such knowledge, for the protection of patients and other members of their community.

5. Students should aid in the provision of competent and humane care to all patients, irrespective of their known or suspected HIV status. Students should follow guidelines promulgated by the US Public Health Service* which have been distributed to all students. Students, faculty and staff should follow these guidelines to protect themselves and to decrease the risk of HIV transmission. Students, faculty and staff are expected to adhere to the guidelines promulgated by the U.S. Public Health Service. Copies of these guidelines are available in the Office of Student Affairs, and have been sent to every department chairman.

6. HIV antibody testing should only be used in situations where it will directly benefit the individual or where it will be of public health benefit. Confidentiality of results of such tests and of AIDS-related diagnosis is essential. Beyond mandated reporting requirements to public health authorities or as otherwise may be required by law, results of tests for anti-HIV antibody should not be communicated to any party other than the individual who has been tested. Since such results will become part of the individual's medical record, all personnel should accord the medical record the degree of confidentiality it deserves. Only those with a need to know should read or have knowledge of the medical record, unless specific consent to divulge such information to others is granted by the patient.
7. Students who are at high risk for infection because of their immune status, due to HIV or any other reason, will be encouraged to discuss their work responsibilities with their personal health care provider. If the health care provider determines that there are certain rotation assignments the student should not accept, this should be communicated to the Dean for Students.

Consideration for assignment based on the risk of any individual developing an opportunistic infection will be reviewed since patients with AIDS are known to excrete viruses such as CMV and Varicella, and also have a high incidence of Tuberculosis. Students who might be at risk include those:

- presently or frequently receiving large doses of cortico-steroid drugs;
- with known HIV infection or with other immunodeficiency diseases such as Lupus Erythematosus, Agammaglobulinemia, and Hodgkin's Disease;
- who are receiving or have not achieved immunologic or hematologic recovery;
- receiving any immune-suppressive medications;
- who are pregnant

Modifications of these recommendations may be warranted as additional information becomes available concerning HIV infection, or with the national implementation of alternative policies for control of the epidemic.

+Exposure to the HIV virus in non-medical situations is addressed in University Guidelines.

*Hepatitis B plasma-derived vaccine (Heptavax-B), heat-treated albumin, and immune globulin preparations have no apparent risk of HIV transmission.

**PROVISION OF HEALTH CARE BY PRINCIPAL FACULTY**
Principal faculty, including the Program Director and Medical Director may not participate as health care providers for any student enrolled in the PA Program.
FINANCIAL AID

OFFICE OF FINANCIAL AID

Sackler Building, 8th floor
145 Harrison Avenue
Boston, MA 02111
Phone: (617) 636-6574
Fax: (617) 636-3447
http://medicine.tufts.edu/finaid

Office Hours: Monday through Friday, 9:00 AM - 5:00 PM

Tara Olsen, Director
Jill Desjean, Associate Director; Caseload MD Students A – G
Jesse Allen, Assistant Director; Caseload MD Students H – O and all SK and PHPD students
Kimberly Gargano, Assistant Director & Financial Literacy Coordinator; Caseload MD Students P–Z
Claire Lewis, Financial Aid Coordinator

Appointments are encouraged, walk-ins are always welcome.

PHILOSOPHY

The intent of the financial aid programs at TUSM is to assist students with meeting any shortfall that exists after a maximum effort has been made by the student and his/her family to pay for school related costs. There are federal and in some cases, private loans available for those that are eligible for financial aid.

Financial Aid advisors are available to answer questions and to provide assistance. Although staff can answer routine questions on a walk in basis during office hours, you are encouraged to make an appointment if you would like to meet with your financial aid advisor at a particular time.

APPLYING FOR FINANCIAL AID

Who May Apply?

Students whose cost of attendance exceeds their family resources are encouraged to apply for financial aid. To be eligible for financial aid, the applicant must be: 1) accepted or enrolled in a degree-seeking program at TUSM on at least a half-time basis, 2) meeting standards of academic progress, 3) a citizen of the United States or an eligible non-citizen 4) NOT in default with prior student loans, 5) if male, you must comply with requirements of Selective Service Registration and 6) have no prior drug convictions during a period of enrollment for which the student was receiving Title IV aid. Students are required to apply for financial aid each academic year and eligibility is determined for all financial aid programs available. New students are encouraged to apply as early as possible; do not wait until you are accepted.
**Application Deadline**
The priority deadline for having financial aid applications complete for the 2012-13 academic year is October 19, 2012. To meet this deadline, the following documentation must be received by October 19th:

- Processed Free Application for Federal Student Aid (FAFSA)
- TUSM Financial Aid Application

The FAFSA on the Web takes approximately 10 days to process and is available to complete as of January 1st each year. Students may request a paper FAFSA from the Department of Education’s website if they are not comfortable completing this online. Students should visit [www.fafsa.ed.gov](http://www.fafsa.ed.gov) to complete this requirement. Students who plan to enroll in January 2013 should complete the 2012-13 application. On-time applications receive PRIORITY consideration. Award notices will be mailed out beginning in November.

**Priority Consideration Date for Financial Aid**
As mentioned, the priority consideration date for having financial aid applications submitted for the Spring 2013 semester is October 19, 2012.

Students will not be eliminated from consideration for any types of funding by applying after the priority consideration date. However, the Office of Financial Aid processes applications on a first-come, first-served basis; therefore, late applicants may experience a delay in the notification of their eligibility. Students would still be expected to meet all registration and bill payment deadlines even if they have not received financial aid award notices by those dates. Consequently, late submission of documents may also cause a delay with disbursements and/or refund checks being issued.

*Please be aware that loan eligibility may not be originated after the last day of classes. Students who are applying for financial aid late into the semester (within one month of the last day of classes) should contact the Office of Financial Aid to confirm that adequate time is available to process the request.*

**Renewal of Aid**
Students must complete a financial aid application every year if they wish to receive financial aid. Components of students’ aid packages may change from year to year due to changes in financial circumstances, late applications, changes in program regulations, and/or funds available.

**Budgeting Issues**
Students must budget monies for the period of time before their financial aid funds are received and a refund can be produced from their account. *As a guide, students should have three months of living expenses available as a cushion in order to secure an apartment, to assist with moving expenses and/or to purchase books/supplies.* Refunds from excess financial aid will not be issued until the student has begun their studies for a particular year, all paperwork has been completed, and all financial aid funds have actually been received. First-time borrowers at TUSM must complete an entrance interview before loan proceeds can be disbursed to their account. *Entrance interviews should be done online at [www.studentloans.gov](http://www.studentloans.gov).*
All federal awards are disbursed in two equal payments per semester. If students are attending the fall, spring and summer semesters, they will receive equal disbursements during each payment period. The Office of Financial Aid attempts to have loans disbursed on or about the first day of class each semester if all paperwork is received in a timely fashion. Please remember when determining your budget for living expenses that loans must be repaid with interest. It is to your advantage to keep expenses and borrowed amounts as low as possible. These are your future earnings that you are pledging. Keep careful records of your loan portfolio and take ownership of the process from the very beginning.

**Refunds**

Refunds result when the actual funds that have been credited to your account exceed your charges. A provisional credit is notification of an expected credit but may not be used as a refund. Refunds will not be granted before the funds are actually received, eligibility has been confirmed and funds have been credited to the student’s account, all necessary documents have been processed and the student has begun enrollment in the semester that he/she is being paid. **STUDENTS SHOULD CONTACT THE BURSAR’S OFFICE WITH ANY QUESTIONS PERTAINING TO THEIR REFUND.**

**Financial Aid Advances/ Emergency Loan**

Financial Advances may be available once a student’s financial aid application is complete and provisional credits appear on the student account but no sooner than 30 days before the semester begins. Advances are requested through the Office of Financial Aid. A student may request up to the lesser of the future expected refund or $1500. The student’s account will be charged and their future refund will be reduced by the amount of the advance. Advances are not available for those who do not have pending financial aid to cover such requests and they are not available to students who have not officially matriculated. The Director of Financial Aid has the discretion to make final approval or denial of such requests.

The Felice Voss Emergency Loan Fund has been established to temporarily assist students who, due to circumstances beyond their control, require a short term emergency loan ($1500 maximum). Students must have a method for repaying the loan funds within 90 days of receipt. This program is NOT designed to assist students that have been tardy with their financial aid applications or that are having trouble securing loans due to credit issues. The Director of Financial Aid has the discretion to make final approval or denial of such requests.
**Withdrawal**

If a student completely withdraws from school during a semester and before 60% of the semester has passed, federal regulations require that a school determine the percentage of any federal aid received that is *earned*. The amount of aid earned is calculated by multiplying the total net amount of federal aid for the semester, by the percentage of the term for which the student was enrolled before withdrawing. If the amount of aid earned is less than the amount of aid already disbursed to the student, a repayment may be required. If the aid disbursed was used to pay institutional charges (i.e. tuition), the portion of the unearned aid will be repaid by TUSM in the order prescribed by federal regulations; first to Federal Direct Unsubsidized Loans, then to Federal Perkins Loans, then to Federal Direct GradPLUS Loans.

Please note that your tuition liability remains as described above, according to the TUSM Refund Policy. If federal loan money used to pay tuition must be returned to the lender according to the federal regulations, then any balance due remaining on the student’s account becomes the student’s responsibility. The student is responsible for repayment of any unearned living expense money from federal aid advanced before the withdrawal. If the total amount of this repayment comes from loans, then the student may make this repayment under the original terms of the loan. Please contact the Office of Financial Aid for more information on this policy.

Students should meet with their Financial Aid advisor if they are considering withdrawing to determine the effects on their federal loans. Students would be required to do an exit interview online at [http://www.nslds.ed.gov/nslds_SA/](http://www.nslds.ed.gov/nslds_SA/).

**FINANCIAL AID QUESTIONS AND ANSWERS**

*If I receive outside scholarships and/or loans, will this impact my financial aid package?*

Federal law clearly states that a student cannot receive funds from any source in excess of the cost of attendance. If funding not originally reflected in your financial aid package requires a reduction, we will reduce your least favorable loan in order to correct the over award.

*Where can I find the application for scholarships?*

Information on scholarships that are offered by the Public Health and Professional Degree Programs can be accessed at [http://publichealth.tufts.edu/Admissions/Financing-Your-Education/Scholarships-and-Assistantships](http://publichealth.tufts.edu/Admissions/Financing-Your-Education/Scholarships-and-Assistantships). Please note that the Office of Financial Aid does not award these scholarships so please direct any questions to the PHPD program.

Additionally, the Office of Financial has compiled a listing of outside scholarship resources for health science students. This link is located on the right hand side of the above website.

*Do I need to include parental data on the FAFSA (Free Application for Federal Student Assistance)?*

Graduate students are considered independent and the federal government does not require parental information to be included when determining a student’s eligibility.
What happens when tuition charges are adjusted?
Any adjustment to tuition charges has an immediate impact on the amount of financial aid eligibility. In some cases, financial aid may be retroactively reduced to allow for the adjustment. If you think your tuition may change, please contact the Office of Financial Aid to discuss the impact on your aid eligibility.

How does satisfactory academic progress affect financial aid?
Federal regulations require that a recipient of financial aid must be making satisfactory academic progress. Please refer to Standards of Work in the Academic Policies and Procedures section of the Public Health and Professional Degree Programs Student Handbook for the policy of satisfactory academic progress.

How much may I borrow each year from the Federal Direct Unsubsidized Loan Program?
The maximum amount of Federal Direct Unsubsidized Loans that a student may borrow annually is $20,500. Actual eligibility for these loan programs will be outlined on your Financial Aid Notice.

How much may I borrow each year from the Federal Direct GradPLUS Loan Program?
Students may borrow up to their cost of attendance minus any other aid they will be receiving. Please remember that this program requires credit approval that is based on federally-mandated criteria. Negative credit history could result in the denial of eligibility. Credit decisions that result in the denial of funds may be appealed with the Department of Education and/or an endorser may be required. If an endorser is used, the student must complete a Master Promissory Note annually. Actual eligibility for these loan programs will be outlined annually on your Financial Aid Notice.

How does financial aid pay for charges on my bill?
Students must return their signed Financial Aid Notice (FAN) to the Office of Financial Aid indicating which aid they wish to accept and/or decline. There are instructions pertaining to each award outlined on the FAN. Generally, once the FAN is returned to the Office of Financial Aid, scholarship money is provisionally credited to the student’s account. Loan funds are not credited to the account until all required documentation has been received including promissory notes and/or entrance loan counseling. Students are required to submit a Master Promissory Note (MPN) each for the Federal Direct Unsubsidized and Federal Direct GradPLUS loans that they wish to borrow. Once the MPN is completed, it is valid for a 10 year period unless an endorser is used which would require an MPN annually. You may visit www.studentloans.gov to complete your Master Promissory Notes for the Federal Direct Unsubsidized and/or Federal Direct Grad PLUS Loan programs. Please note that you must still qualify for Federal Direct GradPLUS funds annually as credit approval is a mandatory requirement.

The student is responsible for paying any remaining portion of the bill that will not be covered by financial aid. Any questions regarding the bill should be directed to the Bursar’s Office at 617-636-6551.
Why does the amount that was actually received differ from the amount of the Federal Direct Unsubsidized Loan/Grad PLUS Loan that I accepted on my Financial Aid Notice? It is a little lower than the amount I requested.

Origination and federal default fees are deducted from all loan proceeds prior to disbursement. As of July 1, 2012, the Federal Direct Unsubsidized Loan fee is 1% and the Federal Direct Graduate PLUS Loan has a 4% fee.

Are students eligible to receive financial aid for summer courses?
Yes, students are eligible to receive federal financial aid for summer course work if they meet the financial aid requirements above which include being enrolled on at least a half-time basis. The Office of Financial Aid combines the credit hours earned in Summer I and Summer II to determine eligibility for federal loans. The Office of Financial Aid may award any remaining Federal Direct Unsubsidized Loan eligibility to be used for summer enrollment periods. If the student is otherwise eligible for financial aid but has no remaining Federal Direct Unsubsidized Loan eligibility, Federal Direct GradPLUS loans may be awarded by the Office of Financial Aid. Students who may not be eligible for federal aid based on enrollment plans may be eligible to borrow a private alternative loan as a last resource. The Office of Financial Aid recommends that students discuss available options if they are considering summer enrollment. Students who wish to apply for assistance in the summer periods must complete a summer aid application.

GRAMM-LEACH BLILEY ACT
The Financial Modernization Act of 1999, also known as the “Gramm-Leach-Bliley Act” or GLB Act, includes provisions to protect consumers’ personal financial information held by financial institutions. The GLB Act gives authority to eight federal agencies and the states to administer and enforce the “Financial Privacy Rule” and the “Safeguards Rule”. These two regulations apply to “financial institutions,” which include not only banks, securities firms, and insurance companies, but also companies providing many other types of financial products and services to consumers, including universities who administer loans and other financial aid.

The Financial Privacy Rule governs the collection and disclosure of customers’ personal financial information by financial institutions. It also applies to companies, whether or not they are financial institutions, who receive such information. Because universities are already subject to the privacy provisions in the Federal Educational Rights and Privacy Act (“FERPA”) (see Privacy Information section of this Handbook), the Federal Trade Commission decided that institutions of higher education that are complying with FERPA in protecting the privacy of their student financial aid records will be deemed to be in compliance with the GLB Act.

The Safeguards Rule requires all financial institutions that collect or receive customer financial information to design, implement and maintain safeguards to protect such information. Tufts University maintains safeguards to protect student financial information and generally requires that third parties who provide services to the University which requires them to have access to student financial information maintain safeguards that comply with the GLB Act.
## TUITION, FEES AND REFUND POLICIES

**ACADEMIC YEARS:** 2013/2014

Health Insurance
By law, all students in Massachusetts are required to have health insurance. If a student does not elect to take the student health insurance plan provided through Tufts University, evidence of other comparable health insurance coverage must be provided.

Student Activity Fee
All matriculated students are required to pay a Student Activity fee. The funds are used by the Public Health Student Senate (PHSS) to support the interests and activities of the PHPD Programs’ students. The fee is also used to support students’ use of the on-campus Fitness Center.

Student Health Administration Fee
All matriculated students (“in degree programs”) are required to pay a Health Administration Fee. This fee covers the cost of immunization screening, health plan administration, short-term counseling, and a limited dental benefit. One half of the annual fee is charged in the fall semester, the other half in the spring semester.

Please refer to the Student Services section of this handbook for a complete description of the health insurance plan offered by TUSM and the services, procedures, and policies of the Student Advisory and Health Administration Office.

Technology Fee
All matriculated students are required to pay a technology fee. This fee helps cover the costs associated with maintaining and upgrading the computer equipment and software available in the Learning Resource Center. One half of the annual fee is charged in the fall semester, the other half in the spring semester.

CORI Fee
All matriculated PA students are required to pay a CORI (Criminal Offense Record Information) fee. The CORI checks will be conducted by the program.

BILLING AND PAYMENT
Tufts University bills tuition and fees electronically via Tufts eBill. New students will receive preliminary information starting in October through the Admissions Office, outlining the Tufts eBill enrollment and billing process, including detailed instructions on how to set up a Tufts eBill account. Once a student’s account has been set up, others (e.g., spouses, parents) may be invited by the student to view and/or pay the bill.

If you have pre-registered, you will receive a bill in advance of the due date. Spring semester bills are due the first week of December. Fall semester bills are due the first week of August. Summer semester bills are due the first week of April. The specific due date each semester will be noted on your bill. If you register close to the due date, you may need to make payment without the benefit of an advance bill. If courses or services are added after the semester’s due date, advance payment is required. Payments must be received by the due date printed on the statement in order to avoid a 10% late payment fine.
For more information regarding making payments, please visit the Health Sciences Bursar website http://finance.tufts.edu/bursar/

Students who are not financially cleared by the first day of classes are subject to cancellation of their semester’s registration. Reinstatement may occur only by arrangement with the Office of Student Services for Public Health and Professional Degree Programs. In the semester preceding graduation, any payments made within two weeks before commencement must be paid by a bank check or certified funds. Diplomas and official transcripts of records for those in arrears are regularly withheld until all payments have been made.

TUITION REFUND POLICY
The university refund policy, to be applied in the event a student withdraws from a class after the beginning of a spring, summer or fall term, is as follows:

- 1st-12th calendar day of the semester: 80% tuition refund
- 13th-19th calendar day of the semester: 60% tuition refund
- 20th-26th calendar day of the semester: 40% tuition refund
- 27th-33rd calendar day of the semester: 20% tuition refund
- Thereafter: No refund

The date of withdrawal will be considered to be the date on which the Office of Student Services for Public Health and Professional Degree Programs receives written notice of the withdrawal from the student. Other charges for the term, such as the health administration fee, are not prorated upon withdrawal during a term. Withdrawal prior to the beginning of a term will result in cancellation of all charges.

MEDICAL LEAVES OF ABSENCE
In the event of a leave of absence (medical or other) or withdrawal the University refund policy will apply for any period of leave.

Students are strongly encouraged to meet with their Financial Aid Advisor in the Office of Financial Aid to discuss the consequences of taking a leave or withdrawing.

ACADEMIC DISMISSAL
No tuition refund other than that due under the refund policy stated above is made when a student is required to withdraw by the University authorities or when a student withdraws from a course with a W grade. Fees are not refundable.
FINANCIAL AID IN THE CASE OF WITHDRAWAL
If a student withdraws before the first day of the semester, all financial aid funds will be returned. If a student completely withdraws from school during a semester and before 60% of the semester has passed, federal regulations require that a school determine the percentage of any Federal Aid received that is earned. The amount of aid earned is calculated by multiplying the total federal aid by the percentage of the term for which the student was enrolled before withdrawing. If the amount of aid earned is less than the amount of aid already disbursed to the student, a repayment may be required. If the aid disbursed was used to pay institutional charges (i.e. tuition), then that portion of that aid that is unearned as calculated by this federal formula, will be repaid by TUSM, in the order prescribed by federal regulation; first to Federal Direct Unsubsidized Loans, then to Federal Perkins Loans, and finally to Federal Direct Grad PLUS Loans. Please note that your tuition liability remains as described above, according the TUSM Refund Policy. If Federal loan money used to pay tuition must be returned to the lender according to the federal calculation, any balance due remaining on the student’s account becomes the student’s responsibility. The student is responsible for repayment of any unearned living expense money from federal aid advanced before the withdrawal. If the total amount of this repayment due comes from loans or work-study, then the student may make this repayment under the original terms of the loan. Please contact the Office of Financial Aid for more information on this policy. Students would also be required to do an exit interview online at http://www.nslds.ed.gov/nslds_SA/ if they are withdrawing or going on a leave of absence.
INFORMATION STEWARDSHIP POLICY & SUPPORTING INFORMATION POLICIES

OVERVIEW
The Information Stewardship Policy (ISP) outlines the actions all members of the Tufts community are expected to follow when working with institutional data and systems. The ISP is supported by three additional policies that assist in providing a framework for required behaviors and roles and responsibilities. They are the Use of Institutional Systems Policy, the Information Classification and Handling Policy, and the Information Roles and Responsibilities Policy.

Below is a link to summaries that capture the essential elements of these four policies, along with access to the PDF and HTML full versions of the policies.

Collectively, the four policies outline the actions all members of the Tufts community are expected to follow when working with institutional data and systems. They also provide a framework and syntax for managers to develop additional information policies about specific systems and processes, or for specific academic or administrative units at Tufts.

Link: http://uit.tufts.edu/?pid=786

IMPLEMENTATION AND REVISIONS
University Information Technology (UIT) is responsible for implementing this policy, in cooperation with the following:

Information Technology Council
Dean(s) of Faculty and the Dean of Students for each school
Vice President of Human Resources
University Counsel

The University has the right to change this policy as necessary; the Information Technology Council will oversee and approve changes to the policy in consultation with the aforementioned groups and individuals. The Provost and Executive Vice President must jointly approve changes to policy; final authority rests with the President.

For useful information about the terms used in this policy, please refer to “An Overview of Your Rights and Responsibilities in Cyberspace” on the Tufts website. Note that while the overview may be helpful in understanding the Policy, it is not in itself part of the Policy.

Tufts’ Information Technology Responsible Use Policy is adapted from material prepared by Steven J. McDonald, Associate Legal Counsel for The Ohio State University. We wish to thank Mr. McDonald and the Ohio State University for permission to use the material.
Tufts University is committed to employment practices and education and learning environments that are free of discrimination and harassment. We seek to promote a diverse and inclusive university community. At Tufts, equal opportunity and affirmative action is not only a legal commitment; it is a moral commitment as well. The Office of Equal Opportunity (OEO) is guided by these commitments to ensure that equal opportunities are provided for all members of the Tufts community. We further this work by ensuring that the University maintains compliance with all federal and state laws pertaining to affirmative action, non-discrimination, the Americans with Disabilities Act and Title IX. OEO also serves the University to resolve complaints of discrimination and harassment and to set forth University policies and guidelines in employment and education that pertain to these areas for staff, faculty and students.

The Office of Equal Opportunity manages the following policies. For detailed information about any of the policies, please visit http://oeo.tufts.edu.

**TUFTS UNIVERSITY NONDISCRIMINATION POLICY**

Tufts University is committed to employment practices and a learning environment free of discrimination and harassment. We seek to promote a diverse and inclusive university community. At Tufts University, equal opportunity and affirmative action is not only a legal commitment; it is a moral commitment as well. This policy shall apply, but not be limited to the following employment activities: recruitment and employment, promotion, demotion, transfer, compensation, selection for training, job reduction, and termination. Tufts is further committed to take affirmative action to ensure that equal employment opportunities are afforded to all. Tufts prohibits discrimination against and harassment of any employee or any applicant for employment because of race, color, national or ethnic origin, age, religion, disability, sex, sexual orientation, gender identity and expression, veteran status (special disabled veterans, disabled veterans and Vietnam-era veterans), or any other characteristic protected under applicable federal or state law. Tufts also prohibits retaliation based on protected activity, such as the filing of a complaint of discrimination or participation in the investigation of such a claim.
TUFTS UNIVERSITY SEXUAL HARASSMENT POLICY
Sexual harassment violates the dignity of individuals. It is a form of discrimination that violates federal and state laws and is prohibited at Tufts University. Tufts is committed to providing an education and work environment that is free from sexual harassment. The University works to prevent and address sexual harassment through educational programs, training, and complaint resolution. Tufts encourages all members of the University community to report any concerns or complaints of sexual harassment. Managers, supervisors and faculty are considered “agents of the University” and thereby have a mandate to report issues that they believe may rise to the level of a violation of the Tufts sexual harassment policy. Failure to report may result in corrective action.

TUFTS UNIVERSITY AMERICANS WITH DISABILITIES ACT (ADA) POLICY
Tufts University is committed to providing reasonable accommodations for qualified individuals with disabilities in a fair and equitable manner, and in accordance with applicable federal and state law. Managers, supervisors, and faculty are considered “agents of the University” and thereby have a mandate to report these requests for accommodation to OEO, HR or their respective academic leadership. We urge everyone in the Tufts community to join in this commitment.

TUFTS UNIVERSITY SEXUAL MISCONDUCT/SEXUAL ASSAULT POLICY (TITLE IX)
Title IX of the Education Amendments of 1972 states that discrimination on the basis of sex is prohibited as it effectively bars the victim’s access to educational opportunities or benefits. Discrimination under Title IX includes sexual harassment, gender discrimination, gender bias, sexual assault (including rape) and other sexual misconduct. Tufts University is committed to providing a campus environment free of sex and gender discrimination, as reflected in its Sexual Misconduct/Sexual Assault Policy. If you believe you may be the victim/survivor of this type of prohibited conduct or you have information about others who have been subjected to this type of conduct, you should report this to OEO or any of the Title IX Liaisons located on your campus. http://oeo.tufts.edu/?pid=23
CAMPUS POLICE

Linda O’Brien, Captain
Campus Police
M&V Wing, 1st floor
136 Harrison Avenue
(617) 636-6911 (emergencies only)
(617) 636-6610 (routine, non-emergency calls)

The Tufts University Police are responsible for safety and security on the Boston Campus and are on duty 24 hours a day, 7 days a week. The University Police station is located at 136 Harrison Avenue in the M&V Wing of the Biomedical Research and Public Health building. You should phone the police at (617) 636-6911 or 66911 (in-house phone) in any emergency or to report all suspicious activities.

The Tufts University Police department is an accredited police agency and receives police authority from the Commonwealth of Massachusetts and the County of Suffolk in which Boston is located. This authority enables the police to make arrests for any criminal offense committed in or upon lands or structures owned, used, or occupied by Tufts University. All Tufts Police officers are armed and well trained in all areas of criminal law.

Tufts Police officers are trained at state recognized law enforcement training academies and through ongoing in-service and specialized training programs.

The Tufts Police maintain a lost and found department for the Boston Campus. They also have engravers, which are available to you at no charge for marking your property. In addition, there is a crime prevention officer on the Boston Campus who provides literature and gives talks on various crime prevention topics. The crime prevention unit advocates awareness as the first step in making the Tufts community a safe one.

SAFETY AND ESCORT SERVICE
Students should be aware that crime does occur in the area surrounding the medical school. It is strongly advised that students use the escort services, or travel in pairs or groups. Incidents of theft and assault are of grave concern to the Tufts Community. The Tufts University Police are constantly working toward providing an environment that is as safe as can be reasonably expected, and to educate the community in reducing the opportunities for crime.

For all students who are working or studying in University buildings, escort service is provided. Call the campus Police (6-6610) to make arrangements when you are ready to leave.

For students parked in Herald or Travelers lots, or on rotation at Tufts Medical Center, the Hospital provides a van escort service. This shuttle service runs between the main entrance to the Floating Hospital at 755 Washington Street and the Herald and Traveler’s Street parking
areas 24 hours a day Monday to Friday. Call (617) 636-5580 or 6-5580 for additional details on the shuttle service and parking.

NON-RESIDENT MOTOR VEHICLE REGISTRATION
Commonwealth of Massachusetts law requires that all students who reside in a state or country other than Massachusetts and plan to operate a motor vehicle (car, truck and/or motorcycle) while attending Tufts University School of Medicine, must provide the Campus Police with the following information no later than September 30th.

- Registration (license plate) number.
- Make and year of motor vehicle.
- State or country of registration.
- Name and address of the owner of the motor vehicle.
- Name(s) and address(es) of all insurers providing liability insurance covering operation of the motor vehicle.
- Legal (permanent) address of student.
- Current local address of student.

The Campus Police will maintain a file of this information and also send a copy to the Boston Police and the Registrar of Motor Vehicles for the Commonwealth of Massachusetts.

You will be issued a decal, which must be affixed to the top center portion of the windshield of the motor vehicle. Failure to comply with this state law may result in a fine.

Registration may help to recover your car if it is stolen. This can be important, since Massachusetts has a high stolen car rate.

You may register by filling out a form obtained at the Campus Police office located in M&V 1.
FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

DEFINITIONS

For purposes of this notification, the Public Health and Professional Degree Programs of the School of Medicine, Tufts University, uses the following definitions of terms.

**Student** - Any person who attends or has attended the Public Health and Professional Degree Programs of the School of Medicine, Tufts University. Persons admitted but never matriculated are not considered students.

**Education Records** - Any record (in handwriting, print, tapes, film, electronic, or other medium) maintained by the university or an agent of the university that is directly related to a student, except:

1. A personal record kept by a staff member if it is kept in the sole possession of the maker of the record and is not accessible or revealed to any other person except a temporary substitute for the maker of the record.
2. An employment record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual's employment.
3. Records which are created and maintained by Public Safety for law enforcement purposes.
4. Records made or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity and which are used only in connection with the treatment of a student and which are disclosed only to individuals providing that treatment.
5. Alumni records that contain information about a student after he or she is no longer in attendance at the university and which do not relate to the person as a student.

The initial record kept by the Office of Student Services for Public Health and Professional Degree Programs’ Registrar consists of material provided directly by you or by other persons or agencies at your request to the Admissions Office. Beginning in the Fall, 1975, letters of recommendation written on your behalf are deleted once you have matriculated, but the names of authors are retained. The remaining information includes application form, complete college transcript, transcripts from any other colleges you may have attended and standard test scores (GRE, TOEFL, MCAT, etc.). Thereafter, your file grows to include any or all of the following:

- Tufts transcript
- transcripts from other colleges or programs
- notification from faculty of grade change (make-up exams, errors, etc.)
- forms or letters regarding status
- copies of correspondence with Administrators
• letters of recommendation
• reports concerning incomplete courses
• records of student request to view file
• statements that you may have entered into the records on your own behalf
• copies of enrollment certifications sent on your behalf and
• transcript request forms

In many instances a student may have received copies of the particular item or have been notified of the action taken. Many of these items are purged from a file upon completion of all degree requirements.

School Official - A person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

Legitimate Educational Interest - Indicates the need of a school official to review an education record in order to fulfill his or her professional responsibility.

STUDENT’S RIGHTS

The following are the student’s rights provided under FERPA:

1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

Students should submit a written request that specifically identifies the education record(s) they wish to inspect to the custodian of the record as indicated in the chart below. An official within the department that receives the request will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed. A student may read any recommendation in his/her files unless the right to do so has been waived in writing.

On the next page is a list of the types of education records that the university maintains; the location(s) of such records; and their custodians (or the custodian’s designee).

2) The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading or otherwise in violation of his or her privacy rights.

A student may ask the University to amend a record that the student believes is inaccurate or misleading. The student should write to the Public Health and Professional Degree Programs’ Registrar, clearly identify the part of the record they want changed, and specify why the student believes the record is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. If an agreement to make changes in the records cannot be reached between the student and the individual maintaining the file, the student may appeal to the Program Director for a hearing by a board of disinterested persons chosen for that purpose. The hearing will be conducted in accordance with the procedures set forth in the regulations and statement of policy of Tufts University. If as a result of the hearing the University decides that the information in the education record is not inaccurate, misleading, or otherwise in violation of the student’s privacy rights, the student shall have the right to place in the education records a statement commenting on the contested information in the record or the reason(s) the student disagrees with the decision of the University.

A student may not challenge a grade given through this procedure, only the accurate recording of the grade.

3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

Personally identifiable information from the education records of a student will be disclosed by the university upon the prior written consent or request of the student. The written consent or request must (a) specify the records that may be disclosed; (b) state the purpose of the disclosure and (c) identify the party or class of parties to whom the disclosure may be made.

However, the university may disclose information without the prior written consent of the student in the following circumstances:

1. To school officials with a legitimate educational interest in the records.
2. To officials of another school, at the request of those officials, in which a student seeks or intends to enroll.
3. To certain officials of the U.S. Department of Education, the U.S. Comptroller General, and state and local educational authorities, in connection with certain state or federally supported education programs.
4. In connection with a student's request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid.
5. To organizations conducting certain studies for or on behalf of the university.
6. To accrediting organizations to carry out their functions.
7. To either of two parents when at least one parent has claimed the student as a dependent for income tax purposes. A certified copy of the parents’ most recent Federal Income Tax Form may be required to verify dependency.
8. To comply with a valid court order or subpoena or to comply with federal law (e.g., the USA Patriot Act).
9. To appropriate parties in a health or safety emergency.
10. To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, the final results of a disciplinary proceeding conducted by the university with respect to that alleged crime or offense. The university may disclose the final results of the disciplinary proceeding, regardless of whether it concluded a violation was committed.
11. Directory information so designated by the university.
12. To parents of students under the age of 21 when laws or university policies regarding alcohol or drugs are violated.
13. To a court or administrative agency in the event of legal action between the university and a student.

DIRECTORY INFORMATION

"Directory information" is personally identifiable information about students in attendance at the university that may be disclosed without the prior consent of the student, subject to the right of the student to inform the university in writing that all "directory information" with respect to him or her shall not be so disclosed, as discussed below.

The Registrar’s Office has designated each of the following items as "directory information":

- the student’s name(s)
- photo
- major field(s) of study
- current enrollment status
- participation in officially recognized activities
- dates of attendance
- degrees, awards and academic honors received
- previous educational institution(s) attended

Students may restrict the release of directory information, except to school officials with legitimate educational interests and to others as permitted by law. In order to restrict the release of such records, a student must make a request in writing to the Office of Student Services for Public Health and Professional Degree Programs by September 30 each year.
(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA.

The name and address of the federal agency that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-4605

DISPOSITION OF RECORDS
Applications and related material for persons not accepted are retained by the Admissions Office for two years and then destroyed. After a student separates from Tufts for any reason, including graduation, the folders are retained intact in the Registrar’s Office for five years. Student records include, but are not limited to applications; university academic transcripts; notices of admission, re-admission, denial; records of grade changes; and correspondence.

After the five years following graduation from Tufts University School of Medicine’s Public Health and Professional Degree Programs, student records are archived and typically the following materials are retained:

- Transcripts  
- Record of grade changes  
- Competency assessments  
- Narrative evaluations  
- Grade sheet

For policies in connection with the disposition of records maintained by course instructors or program directors, consult the individual departments. All present and former students have the right to review materials retained. Any request to review records must be made through the individual responsible for that record. All material is restricted to use by authorized university personnel or to release, only on the written permission of the individual involved, unless release is permitted by the Act and regulations. Requests to view records should be submitted to the Registrar. E-mail requests will not be accepted.

ALUMNUS/A RIGHTS
All rights which you possess as a student concerning your records remain with you after you leave Tufts. This applies only to those records which pertain to you as a student which are accumulated during your enrollment in the University.
STUDENT ORGANIZATIONS

STUDENT ORGANIZATIONS/CLUBS

The Office of Public Health and Professional Degree Programs fully supports students’ extracurricular activities, so if you are interested in starting a new student organization, please follow the procedures below and your request will be considered by the PHPD Programs’ Directors at their October meeting. Requests for new student organizations are only considered twice a year and the application deadlines is March 1st. Recognized new student groups will be eligible for funding via the student activity fund request process (see Student Activity Fee Allocation).

New student organization applications should include the following:

General Information

- Club/Organization Name
- Program (MPH, MS-Health Communication, MS-Pain, MS-Biomedical Sciences, PA Program etc.)
- Email
- Phone Number
- Student Representative Name and Signature
- Faculty Advisor Name and Signature

Registration Requirements

- Membership must be open to all Tufts University School of Medicine students with priority given to students in the Public Health Programs and Professional Degree programs.
- Constitution (see guidelines below) approved by the members and the leadership of the group
- There must be at least 10 current and active members and a list of their names and programs must be provided.
- Disclosure of any other Tufts funding sources
- Detailed Budget
- Name of faculty advisor (signature required on application)
- All groups approved must submit an annual summary including an overview of activities during the previous year and a final budget report by June 1. Groups must submit a renewal of group registration, including new officer’s names, positions, contact information and proposed activities plan along with a budget by March 1st.
Constitution Guidelines

- Clearly define the organization’s mission and impact. Provide examples of the type and nature of expected programs and activities.
- Define the expected membership including both the voting members and non-voting members.
- Define organizational leadership in terms of:
  - Who qualifies to run for office
  - How the election will be held (specific election plan and process)
  - Identify at least two specific leadership positions (president and treasurer) and leave room for others as needed
  - Define the nomination process, notifications, and necessary lead times
  - Scope of authority for the leadership team
- Define succession planning for leadership in terms of:
  - Length of term for elected offices
  - Limitations on successive terms in office (if any)
  - Timing of elections (strongly encourage March/April)
  - Methodology of elections – in-person, on-line, electronic, etc. (all methods should be private)
  - Define the necessary lead time and notifications process
- Define your organizations operating processes in terms of:
  - General membership meetings: timing, frequency, notification
  - Executive leadership meetings: timing, frequency, notification, agenda, reporting back to the general membership
  - Communication and notification process for group sponsored activities, events, etc.
- Define and identify the specific procedures for changing the Constitution of By-laws of the organization

Application Deadline

- March 1st. Late submissions will not be accepted.

Submit Application To

Attention: Associate Dean for PHPD Programs
136 Harrison Avenue, Suite MV142
Boston, MA 02110

robin.glover@tufts.edu
STUDENT GOVERNMENT

PUBLIC HEALTH STUDENT SENATE
The Public Health Student Senate (PHSS) represents students in the MPH (including MS-Nutrition/MPH, Bachelors/MPH, JD/MPH, MD/MPH, DVM/MPH), DrPH, MS-Health Communication, MS-Pain Research, Education and Policy, MS-Biomedical Sciences, and Physician Assistant programs. It serves as a vehicle for students to organize themselves to improve student life and it serves as the formal body that represents students in relationship with the Public Health and Professional Degree Programs faculty and administration. The Senate membership consists of a representative from each program and MPH track. They meet monthly and as needed a program director or an administrative representative is invited to attend. Senate members participate in the governance of the programs by sitting on some of the faculty committees e.g. Admissions, Promotion, Academic Affairs, and PHPD Directors. Bi-annual student feedback forums are held by the Senate and students are also encouraged to propose agenda items to the Senate President for discussion at the monthly meetings, and to communicate.

Purpose of the Senate

- To protect and promote the interests of the student body
- To represent the student body of the Public Health and Professional Degrees Program (PHPD)
- To improve general student welfare and encourage student involvement
- To gather and express student opinions, views, and concerns
- To ensure that PHPD students are fully apprised of all information of impact to their graduate experience
- To foster cohesiveness and a sense of community within the entire graduate population

Minimum Requirements/Expectations of Senate Members

- Ability to represent the student body of the PHPD and promote the purpose of the Public Health Student Senate
- Ability to serve a September to August term (students graduating in May have the option to resign after May 31st). PA students from January – December.
- Ability to attend no less than 75% of the monthly meetings
- Willingness to potentially run for senate offices including: Finance or Secretary
- Willingness to potentially serve as a representative on a Faculty Committee including: Admissions Committee, Academic Affairs Committee and Promotions Committee
- Ability to be a creative, enthusiastic and helpful member of a team
- Ability to fulfill any and all responsibilities and obligations assumed as seen by the PHPD faculty and administration, Student Senate, and Student Senate President

Funding

The PHPD program provides a set budget for senate activities and functions. The funds in this account can be rolled over from year to year. The PHPD administration will be responsible for the maintenance and oversight of this account.
STUDENT ORGANIZATION/CLUB FUNDING & EXPENSE REIMBURSEMENT

GENERAL GUIDELINES

In order to be reimbursed for activities or travel, a student or group/club must have had approval via the Student Activity Fund Request process. Only the President or Treasurer of the group/club can make a request for reimbursements.

A Business Expense Reimbursement Form must be completed for each event unless it is travel related, in which case a separate Travel Authorization and Reimbursement Form must be completed. A copy of these forms can be obtained from the PHPD Academic/Student Services Assistant.

All expense forms must contain the name of the person who is being reimbursed, his/her signature and mailing address. The reimbursement check is mailed directly from Accounts Payable to the address listed on the expense form, so if you plan to move please ensure that the address is where you want the check mailed.

Once the expense form is complete with student signature, it can be submitted to the Academic/Student Services Assistant for the necessary additional signatures. The PHPD Office will submit the completed form and receipts to Accounts Payable for payment. The usual turnaround time from Accounts Payable is about 10 days from the day they receive the forms.

_All expense forms must be submitted to Accounts Payable within 30 days of the event or travel._

RECEIPTS AND OTHER REQUIRED DOCUMENTATION

Original, itemized receipts must be submitted with the appropriate reimbursement form. Additionally, for air travel; original boarding pass(es) must be provided, and for events that involve food; a list of attendees must be provided. If you used a credit/debit card for purchases you intend to be reimbursed for, please be prepared to supply a credit card statement or other documentation reflecting the charge.

Costs incurred through the purchase of alcoholic beverages and sales tax cannot be reimbursed by the University.

_There will be no exceptions to the Receipt/Required Documentation Policy._

Events sponsored via student activity funds must be advertised via the PHPD email list-serve or the PHPD social media accounts.
CONTRACTS/DEPOSITS
Students are NOT authorized to sign contracts on behalf of the University and should not use their personal credit card for payment of a club activity/event requiring a contract. For events requiring a contract or deposit, students must contact the Associate Dean of PHPD in the Office of PHPD Programs in advance to make arrangements. This is to protect you as a student in case something goes wrong.

USING OUTSIDE SERVICES
A W-9 form and Consultant form must be submitted for using any outside commercial services. For example, if you would like to pay a guest speaker a stipend for an event you would need a check processed by Tufts for the service. Since you are not receiving any goods, an itemized receipt would not be valid. In this example you would need to have the speaker complete a W-9 form and a guest speaker honorarium form. These and other required forms can be obtained from the PHPD Academic/Student Services Assistant.

Please do not use personal checks or cash.

USING TUFTS SERVICES
Most services used during normal business hours around campus are free of charge. Events that require set up or extensive cleaning after 3:00 PM on week days or on weekends may incur facility fees. There are also fees associated with mandatory Tufts Police supervision for events on school property where alcohol is served. If you believe your event will involve additional services required from Facilities or Tufts Police, please contact the PHPD Academic/Student Services Assistant for guidance.

USE OF TUFTS NAME/INSIGNIAS
The Tufts name, logo and seal cannot be used in commercial endeavors or in business or political promotions without permission. Requests to use the Tufts name or seal should be directed to the Associate Dean of PHPD Programs who will forward it with a recommendation to the Medford Campus.
STUDENT ACTIVITY FEE ALLOCATION

A Student Activity Fee is collected from all students enrolled in the Public Health and Professional Degree (PHPD) Programs. These funds are used to support the Tauber Fitness Center, student activities, events, educationally related travel and for Public Health Student Senate-related activities. Requests for funds must be submitted via a Student Activity Fund Request Application to the Student Activity Fund Committee. The committee includes the Associate Dean of PHPD Programs, two Public Health Senate Members, and a Faculty Member. Approval of funding requests will be based on the merit of a student’s application and the availability of funds. Funds cannot be used to support academic or departmental related projects. All recipients of funds will be expected to provide an accounting of funds received. Guidelines for specific types of requests are noted below. Following these guidelines, doesn’t guarantee a successful award.

Events and Speakers
Funding requests for events and speakers must include a direct message to all PHPD Programs’ students and may not be an extension or part of an academic course.

- Events should have the students as a focus and be of interest to them
- Outreach for attendees should be aimed primarily to the PHPD Programs’ students
- Speakers’ message should directly address a topic related to one or more of the Public Health and Professional Degree program areas.

Travel/Conference Requests
Travel funding requests must be made in advance of the expected date of travel or conference. Ideally, requests should focus on conferences, competition or student presentation opportunities. A successful request will include the following:

- A statement of how the newly acquired knowledge will contribute to the student’s professional development
- Safe housing accommodations that are reasonably priced
- Travel dates that correspond exactly with the active part of the conference and do not include extra days before or after. This does not apply if you are locked into reservations for the night before or after the conference because of your mode of transportation
- The student contributes financially to some portion of the trip
- Written support of this trip from the relevant program director or concentration leader
- Students willingness to share their newly acquired knowledge or research in a mutually agreed upon forum

Application Process
- Write a brief statement explaining what you want to do and why you think your deserving of financial support.
- Complete an application form providing the required supporting documentation:
  - A written letter per application instructions
  - Complete an itemized budget summary
• Include any supporting documents you think will benefit your application e.g. conference brochure etc.
• An application can be found online at http://publichealth.tufts.edu/Student-Services/Student-Forms

Deadline
The Committee reviews completed applications twice a semester on September 15, November 15\textsuperscript{th}, January 15\textsuperscript{th}, March 15\textsuperscript{th} and June 15\textsuperscript{th}. \textit{Late submissions will not be accepted.}

Notice of Decision
Award/decline notices will be sent via email 2 – 3 days after the Committee meets
If the application is declined, a student may re-apply by re-submitting it with revisions for review by the Committee at their next meeting.
Appendix A: PHYSICIAN ASSISTANT PROGRAM GRADUATE OUTCOMES

Graduates of the Physician Assistant Program will

- Understand the basic sciences of anatomy, physiology, pathophysiology and be able to utilize this knowledge in the diagnosis and treatment of diseases.
- Understand the principles of pharmacotherapeutics and to apply them in the treatment of patients.
- Elicit a detailed, accurate history and perform a thorough physical examination.
- Understand how to order and interpret appropriate diagnostic tests in a cost efficient manner.
- Present patient data and document it appropriately in the medical record.
- Provide quality acute and ongoing patient care by appropriately delineating patient problems and by formulating and implementing patient management plans, including referrals to other healthcare providers and agencies.
- Perform or assist in the performance of diagnostic and therapeutic procedures, and manage or assist in the management of medical and surgical conditions, particularly in life-threatening situations.
- Understand the principles of public health and incorporate health promotion and disease prevention into a patient care practice.
- Use information technology in the provision of quality healthcare and clinical decision making.
- Evaluate the literature critically and apply this knowledge and the principles of evidence-based medicine to clinical practice.
- Provide compassionate and competent healthcare to patients of all ages and backgrounds.
- Understand the medical and social issues that affect the geriatric patient and provide appropriate management of these problems.
- Counsel patients, their families and their caregivers regarding issues of health, illness and medical care.
- Understand the historical and contemporary role of the physician assistant in the healthcare system.
- Participate effectively as a member of an interdisciplinary healthcare team.
- Understand the principles of patient oriented healthcare and to communicate clearly with patients.
- Identify the special dynamics of providing healthcare to rural or underserved populations.
- Demonstrate appropriate professional behavior by following the American Academy of Physician Assistants Guidelines for Ethical Behavior for the Physician Assistant Profession.
APPENDIX B: COMPETENCIES FOR THE PHYSICIAN ASSISTANT

Preamble
In 2003, the National Commission on Certification of Physician Assistants (NCCPA) initiated an effort to define PA competencies in response to similar efforts being conducted within other health care professions and growing demand for accountability and assessment in clinical practice. The following year, representatives from three other national PA organizations, each bringing a unique perspective and valuable insights, joined NCCPA in that effort. Those organizations were the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA), the body that accredits PA educational programs; the Association of Physician Assistant Programs (APAP), the membership association for PA educators and program directors; and the American Academy of Physician Assistants (AAPA), the only national membership association representing all PAs.

The resultant document, “Competencies for the Physician Assistant Profession,” is a foundation from which each of those four organizations, other physician assistant organizations, and individual physician assistants themselves can chart a course for advancing the competencies of the PA profession that are noted in the Appendix.

Introduction
The purpose of this document is to communicate to the PA profession and the public a set of competencies that all physician assistants regardless of specialty or setting are expected to acquire and maintain throughout their careers. This document serves as a map for the individual PA, the physician-PA team, and organizations that are committed to promoting the development and maintenance of these professional competencies among physician assistants.

The clinical role of PAs includes primary and specialty care in medical and surgical practice settings. Professional competencies* for physician assistants include the effective and appropriate application of medical knowledge, interpersonal and communication skills, patient care, professionalism, practice-based learning and improvement, systems-based practice, as well as an unwavering commitment to continual learning and professional growth, and the physician-PA team, for the benefit of patients and the larger community being served. These competencies are demonstrated within the scope of practice, whether medical or surgical, for each individual physician assistant as that scope is defined by the supervising physician and appropriate to the setting.

*In 1999, the Accreditation Council for Graduate Medical Education (ACGME) endorsed a list of general competencies for medical residents. NCCPA’s Eligibility Committee, with substantial input from representatives of AAPA, APAP, and ARC-PA, has modified the ACGME’s list for physician assistant practice, drawing from several other resources including the work of Drs. Epstein and Hundert; research conducted by AAPA’s EVP/CEO, Dr. Steve Crane; and NCCPA’s own examination content blueprint.
AAPA STATEMENT OF VALUES OF THE PHYSICIAN ASSISTANT PROFESSION

- Physician assistants hold as their primary responsibility the health, safety, welfare, and dignity of all human beings.
- Physician assistants uphold the tenets of patient autonomy, beneficence, nonmalficence, and justice.
- Physician assistants recognize and promote the value of diversity.
- Physician assistants treat equally all persons who seek their care.
- Physician assistants hold in confidence the information shared in the course of practicing medicine.
- Physician assistants assess their personal capabilities and limitations, striving always to improve their medical practice.
- Physician assistants actively seek to expand their knowledge and skills, keeping abreast of advances in medicine.
- Physician assistants work with other members of the health care team to provide compassionate and effective care of patients.
- Physician assistants use their knowledge and experience to contribute to an improved community.
- Physician assistants respect their professional relationship with physicians.
- Physician assistants share and expand knowledge within the profession.

The PA profession defines the specific knowledge, skills, and attitudes required, and provides educational experiences as needed in order for physician assistants to acquire and demonstrate these competencies.

*Medical Knowledge*
Medical knowledge includes an understanding of pathophysiology, patient presentation, differential diagnosis, patient management, surgical principles, health promotion, and disease prevention. Physician assistants must demonstrate core knowledge about established and evolving biomedical and clinical sciences and the application of this knowledge to patient care in their area of practice. In addition, physician assistants are expected to demonstrate an investigatory and analytic thinking approach to clinical situations. Physician assistants are expected to:

- Understand etiologies, risk factors, underlying pathologic process, and epidemiology for medical conditions
- Identify signs and symptoms of medical conditions
- Select and interpret appropriate diagnostic or lab studies
- Manage general medical and surgical conditions to include understanding the indications, contraindications, side effects, interactions, and adverse reactions of pharmacologic agents and other relevant treatment modalities
- Identify the appropriate site of care for presenting conditions, including identifying emergent cases and those requiring referral or admission
- Identify appropriate interventions for prevention of conditions
- Identify the appropriate methods to detect conditions in an asymptomatic individual
- Differentiate between the normal and the abnormal in anatomy, physiology, laboratory findings, and other diagnostic data
• Appropriately use history and physical findings and diagnostic studies to formulate a differential diagnosis
• Provide appropriate care to patients with chronic conditions.

*Interpersonal and Communication Skills*

Interpersonal and communication skills encompass verbal, nonverbal, and written exchange of information. Physician assistants must demonstrate interpersonal and communication skills that result in effective information exchange with patients, their patients’ families, physicians, professional associates, and the health care system. Physician assistants are expected to:

• Create and sustain a therapeutic and ethically sound relationship with patients
• Use effective listening, nonverbal, explanatory, questioning, and writing skills to elicit and provide information
• Appropriately adapt communication style and messages to the context of the individual patient interaction
• Work effectively with physician and other health care professionals as a member or leader of a health care team or other professional group
• Apply an understanding of human behavior
• Demonstrate emotional resilience and stability, adaptability, flexibility, and tolerance of ambiguity and anxiety
• Accurately and adequately document and record information regarding the care process for medical, legal, quality, and financial purposes.

*Patient Care*

Patient care includes age-appropriate assessment, evaluation, and management. Physician assistants must demonstrate care that is effective, patient-centered, timely, efficient, and equitable for the treatment of health problems and the promotion of wellness. Physician assistants are expected to:

• Work effectively with physicians and other health care professionals to provide patient-centered care
• Demonstrate caring and respectful behaviors when interacting with patients and their families
• Gather essential and accurate information about their patients
• Make informed decisions about diagnostic and therapeutic interventions based on patient information and preferences, up-to-date scientific evidence, and clinical judgment
• Develop and carry out patient management plans
• Counsel and educate patients and their families
• Competently perform medical and surgical procedures considered essential in the area of practice
• Provide health care services and education aimed at preventing health problems or maintaining health.

*Professionalism*

Professionalism is the expression of positive values and ideals as care is delivered. Foremost, it involves prioritizing the interests of those being served about one’s own. Physician assistants must know their professional and personal limitations. Professionalism also requires that PAs practice without impairment from substance abuse, cognitive deficiency, or mental illness. Physician assistants
must demonstrate a high level of responsibility, ethical practice, sensitivity to a diverse patient population, and adherence to legal and regulatory requirements. Physician assistants are expected to demonstrate:

- Understanding of legal and regulatory requirements, as well as the appropriate role of the physician assistant
- Professional relationships with physician supervisors and other health care providers
- Respect, compassion, and integrity
- Responsiveness to the needs of patients and society
- Accountability to patients, society, and the profession
- Commitment to excellence and ongoing professional development
- Commitment to ethical principles pertaining to provision or withholding of clinical care, confidentiality of patient information, informed consent, and business practices
- Sensitivity and responsiveness to patients' culture, age, gender, and disabilities
- Self-reflection, critical curiosity, and initiative.

Practice-based learning and improvement includes the processes through which clinicians engage in critical analysis of their own practice experience, medical literature, and other information resources for the purpose of self-improvement. Physician assistants must be able to assess, evaluate, and improve their patient care practices. Physician assistants are expected to:

- Analyze practice experience and perform practice-based improvement activities using a systematic methodology in concert with other members of the health care delivery team.
- Locate, appraise, and integrate evidence from scientific studies related to their patients' health problems
- Obtain and apply information about their own population of patients and the larger population from which their patients are drawn
- Apply knowledge of study designs and statistical methods to the appraisal of clinical studies and other information on diagnostic and therapeutic effectiveness
- Apply information technology to manage information, access on-line medical information, and support their own education
- Facilitate the learning of students and/or other health care professionals
- Recognize and appropriately address gender, cultural, cognitive, emotional, and other biases; gaps in medical knowledge; and physical limitations in themselves and others.
System-Based Practice

Systems-based practice encompasses the societal, organizational, and economic environments in which health care is delivered. Physician assistants must demonstrate an awareness of and responsiveness to the larger system of health care to provide patient care that is of optimal value. PAs should work to improve the larger health care system of which their practices are a part. Physician assistants are expected to:

- Use information technology to support patient care decisions and patient education
- Effectively interact with different types of medical practice and delivery systems
- Understand the funding sources and payment systems that provide coverage for patient care
- Practice cost-effective health care and resource allocation that does not compromise quality of care
- Advocate for quality patient care and assist patients in dealing with system complexities
- Partner with supervising physicians, health care managers, and other health care providers to assess, coordinate, and improve the delivery of health care and patient outcomes
- Accept responsibility for promoting a safe environment for patient care and recognizing and correcting systems-based factors that negatively impact patient care
- Use information technology to support patient care decisions and patient education
- Apply medical information and clinical data systems to provide more effective, efficient patient care
APPENDIX C: TECHNICAL STANDARDS

The Technical Standards of the Physician Assistant Program define the essential functions that an applicant must be able to perform in order to be admitted to the PA Program, to progress satisfactorily, and to graduate. Essential functions refer to all non-academic criteria that are necessary to participate in the educational program. In developing these criteria, the PA Program affirms the following expectations for our admissions candidates:

- **Observation**: The candidate must be able to observe demonstrations and experiments in the basic sciences. A candidate must be able to observe a patient accurately. Observation necessitates the functional use of the sense of vision and somatic sensation. It is enhanced by the functional use of the sense of hearing and of smell.

- **Communication**: A candidate should be able to speak, to hear and to observe patients in order to elicit information, describe changes in mood, activity and posture, and perceive nonverbal communications. A candidate must be able to communicate effectively and sensitively with patients, families, peers, and faculty. Communication includes not only speech, but also reading and writing. The candidate must be able to communicate effectively and efficiently in oral and written form with all members of the health care team.

- **Motor**: Candidates should have sufficient motor function to elicit information from patients by palpation, auscultation, percussion, and other diagnostic maneuvers. A candidate should be able to execute motor activities reasonably required to provide general care, to perform diagnostic procedures and to provide emergency treatment to patients.

- **Intellectual-Conceptual, Integrative and Quantitative Abilities**: These abilities include measurement, calculation, reasoning, analysis, and synthesis. Problem solving, a critical skill demanded of physicians, requires all of these intellectual abilities. Candidates and students must be able independently to access and interpret medical histories or files, identify significant findings from history, physical examination, and laboratory data, provide a reasoned explanation for likely diagnoses, and prescribed medications and therapy, and recall and retain information in an efficient and timely manner. The ability to incorporate new information from peers, teachers, and the medical literature in formulating diagnoses and plans is essential. Good judgment in patient assessment, diagnostic and therapeutic planning is crucial; students must be able to identify and communicate their knowledge to others when appropriate.

- **Behavioral and Social Attributes**: A candidate must possess the mental and emotional health required for full utilization of his/her intellectual abilities, the exercise of good judgment, the prompt completion of all responsibilities attendant to the diagnosis and care of patients, and the development of mature, sensitive and effective relationships with patients. Candidates must be able to tolerate physically taxing workloads and to function effectively under stress. They must be able to learn the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal skills, interest and motivation are all personal qualities that should be assessed during the admissions and education process.

The above are considered minimum abilities required in the educational process of a physician assistant. Each person will be evaluated on an individual basis. Tufts University School of Medicine reaffirms its commitment to be flexible, innovative, and creative in trying to meet any special needs of
students. The integrity of the curriculum must be maintained and those elements deemed essential to
the education of a physician assistant must be required and completed.

All students will undergo criminal background checks before matriculation and prior to entering the
clinical phase of the program.
