

Student Activity Fund Allocation

A Student Activity Fee is collected from all students enrolled in the Public Health and Professional Degree Programs. These funds are used to finance the fitness center, student activities, events, educationally related travel and for Public Health and Professional Degree Programs Student Senate-related activities. Requests for funds must be submitted via a Student Activity Fund Request Application to the Student Activity Fee Committee that includes the Associate Dean of PHPD Programs, 2 Public Health Student Senate Members, and a Faculty Member. Approval of funding requests will be based on the merit of a student's application and the availability of funds. If you are a dual degree student the committee recommends seeking support from both programs for which you are affiliated, and noting so on your application. Funds cannot be used to support academic or departmental related projects. All recipients of funds will be expected to provide an accounting of funds received.

Guidelines for specific types of requests are noted below. Following these guidelines, does not guarantee a successful award.

**Funding requests must be submitted prior to the application deadline for events taking place after the application deadline.*

Events and Speakers

Must include a direct message to all PHPD Programs' students and may not be an extension or part of an academic course.

- Events should have the students as a focus and be of interest to them
- Outreach for attendees should be aimed primarily to the PHPD Programs' students
- Speakers' message should directly address a topic related to one or more of the Public Health and Professional Degree program areas.

Travel/Conference Requests

Ideally requests should focus on conferences, competition or student presentation opportunities. A successful request will include the following:

- Statement of how the acquired knowledge will contribute to the student's professional development.
- Safe housing accommodations that are reasonably priced.
- Travel dates that correspond exactly with the active part of the conference and do not include extra days before or after. This does not apply if you are locked into reservations for the night before or after the conference because of your mode of transportation.
- The student contributes financially to some portion of the trip.
- Written support of this trip from the relevant program director or concentration leader.
- Students willingness to share their acquired knowledge or research in a mutually agreed upon forum.

**Priority will be given to those students who are presenting a poster or paper*

Application Process

- Write a brief statement explaining what you want to do and why you think you're deserving of financial support.
- Complete an individual application form providing the required supporting documentation:
- A written letter per application instructions
- Complete an itemized budget summary
- Include any supporting documents you think will benefit your application e.g. conference brochure etc.

Deadline

The Committee reviews completed applications twice a semester. Application deadlines are:

- September 15th
- November 15th
- January 15th
- March 15th
- June 15th

Late or group submissions will not be accepted.

Notice of Decision

- Award/decline notices will be sent via email 2 – 3 days after the Committee meets.
- If the application is declined, a student may apply again by re-submitting it with revisions for review by the Committee at their next meeting.
